

Being a column in which the publisher just "blows off the steam."

By Willard Jones

DR. RUPERT N. RICHARDSON, president emeritus of Hardin-Simmons University, has at last any of his sparkle and dry humor he has been famous for through the years in West Texas. He spoke last Thursday evening at the H-SU ex-students banquet at Hamlin.

Dr. Richardson told the story of the Bible lecturer who waxed long and boringly about the Bible to a weary audience. He took up the major prophets and then proceeded to the minor prophets, orated Richardson, who said the lecturer asked:

"Now here is Jeremiah—what shall we do with Jeremiah?"

To which one of the bored listeners suggested: "Let him have my seat—I'm leaving for home!"

SOMETHING INSIDE of all of us acts as a deterrent to many of our actions. Much of the time we pay little attention to the urges of our better selves and go ahead blundering, talking when we should be listening, doing mean little things to others and otherwise making fools of ourselves—living to regret it all.

An unknown author puts some sagely words together like this:

INSIDE O' ME.

There is a fellow that I know, Born just about as long ago As I, and with me bound to grow— That boy inside o' me.

Sometimes I wish he were not there,

For when in games I'm not quite fair,

He says to me, "Stop! Is that Square?"

That boy inside o' me!

It really does no good to hide

A thing from him, because I've tried.

And so I'm glad I'm on his side— That boy inside o' me.

TRUETT LATIMER, representative in the lower house at Austin from Taylor County, was among out-of-town attendants last Thursday evening at the gathering of ex-students and friends of Hardin-Simmons University of the Hamlin area at the oil mill guest house. He presided at a portion of the session.

Latimer chided his friend, Jimmy Vaughan, Hamlin High School coach, about the wife his diet was trying to follow. He said that, after Mrs. Vaughan had followed her diet of coconuts and bananas for some time, Jimmy reported:

"My wife is not losing weight on the diet, but she surely is learning to climb trees."

REV. SAM KING, long-time preacher of the Hamlin region, finds plenty of time to look on the jolly side of life—which is good medicine for anyone, he prescribes.

Recently King received from a friend a postcard which carried the reported viewpoints of some monkeys of life. It reads:

Three monkeys sat in a coconut tree discussing things as they are said to be. Said one to the other, "Now listen, you two, there is a certain rumor that can't be true. That man descended from our race: The very idea... it's a dire disgrace; no monkey ever deserted his wife, starved her baby and ruined her life. And you've never known another monkey to leave her babies with others to bunk or pass them on from one to another till they scarcely know who is their mother. And another thing: You'll never see a monkey build a fence round a coconut tree and let the coconuts go to waste, forbidding all other monkeys a taste. Why, if I put a fence around this tree, starvation would force you to steal from me. Here's another thing a monkey won't do: Go out at night and get in a stew; or use a gun or club or knife to take some other monkey's life. Yes, man descended, the ornery cuss, but, brother, he didn't descend from us!"

HAL COCHRAN is responsible for some of the most trite squibs we run onto. Writing in The Fort Worth Press, he recently penned these...

If you want pleasure to come in bunches, plant a nice large garden of flowers.

When you're caught speeding, a cop asks, "Where do you think you are going?" And then he tells you.

When teenagers stay up late raising Cain, maybe it's just a natural follow-up to their baby days.

MISS WOOL—Miriam LaCour, 19-year-old sophomore at Lamar State College at Beaumont, was crowned Miss Wool of Texas at San Angelo. She will be the Texas entry in the national Miss Wool contest to be held in San Angelo August 24-29. Miss LaCour is shown in her coronation gown—wool, course.

Good Turn-Out Expected For Election on Saturday

Upped Allowable For Oil in August Good News to Area

Royalty owners and property owners in the Hamlin territory found some encouragement in the increase of 328,183 barrels a day in the August oil allowable which was ordered last week-end by the Texas Railroad Commission, based on an 11-day producing pattern.

The state-wide allowable was set at 2,978,085 barrels a day.

This was the third consecutive monthly boost in permissive production in Texas. It was ordered because the oil regulatory commission found that stocks had been reduced to a desirable working level from the excess accumulated earlier in the year.

There was no mention of the Mid-East crisis during the monthly state-wide prorating hearing at Austin.

All but four of the 13 major crude buying companies making nominations to the commission asked for at least 11 days of production. One company went as high as 14 days in its request.

Jake Hamon, Dallas independent producer, speaking for a group of Dallas operators, told the commission, "We are apparently on the threshold of great improvement in the industry."

Only other independent speaking was James Lauderdale of Abilene, representing the West Central Texas Oil and Gas Association. He said there appeared to be a strengthening in demand for oil, but warned the commission to be cautious in not setting production so high that companies would go back to purchaser prorating.

Limited Number of Under-Age Children May Enter School

Possibly a limited number of under-six-year-old children will be accepted for entrance in Hamlin Primary School, it is announced this week by Superintendent of Schools C. F. Cook.

At this date the administration and school board do not know just how many first grade students will start to school this September. Therefore, they are requesting those who desire children not old enough to start to school but will be six years old before January, 1959, to attend the Hamlin school next year to notify the superintendent of such desires.

"If we have room for these children, it is possible that we will take unders," Cook said.

MENAGERIE BUSINESS IS GROWING up at the Jack Russell place in Northwest Hamlin. During the past several weeks the rural route carrier and his children have been plying the trade of catching young wildlife with a butterfly net along the roads of the route out of Hamlin. They have caught rabbits, ground squirrels, field mice and even a baby skunk. A grown cottontail rabbit surprisingly increased her family the other night—so business is booming, declares Mrs. Russell skeptically. Denise, four, and Wanda Kay, six, are shown above on each side of Marshall Wayne Bradford, nine as they hold some of the animals.

Little League Team Blanks Merkel 16-0 to Enter Region

Road Contracts in Lueders Area Go to Austin Contractor

Contract for the construction of 13.713 miles of construction of grading, structures, base and surfacing on farm-to-market roads 600 and 1193 in Shackelford, Jones and Taylor Counties was awarded in Austin this week.

The firm of Austin Bridge Company of Dallas submitted the low bid of \$258,863.02 on the projects which run from 7.0 miles north of Lueders north and west to the Jones County line; from Shackelford County line west to FM Road 142; from FM Road 1082 south to the Taylor County line and from Jones County line south to U. S. Highway 80.

Resident Engineer A. L. McKee of Anson will be in charge of the projects for the State Highway Department.

EVANGELIST for a series of revival services at the Faith Methodist Church beginning tomorrow (Friday) evening will be the new pastor, Rev. Gene Moore (above). The services, which will be at 8:00 each evening, will continue through Sunday August 3.

All-Stars to Meet Abilene Crew at Snyder Thursday

Hamlin's all-star Little League baseball group played jam-up ball Tuesday night and clouted the Merkel delegation soundly to the score of 16 to 0 to take the second round of district play-off. The game was played on the Hamlin diamond before a rousing crowd of boosters for both teams estimated at 600 to 800 people.

The victory made the Hamlin aggregation coached by R. L. McClung and Mac Fullerton eligible to play in the area-wide meet at Snyder Thursday night. The boys will meet a crew from Abilene.

Merkel had defeated the lads from Rotan Monday night by a score of 6 to 0.

Stars of the Tuesday night tilt were Jimmy Inzer, third baseman for Hamlin, who got four hits out of four trips to bat, including a home run; and Dan Newberry,

State Races Hold Chief Interest for Voters of Region

As actual voting time approached this week, an otherwise quiet election campaign has engendered a little more than passing interest in the Hamlin section, and a fair turn-out of voters is expected to participate in the balloting Saturday, according to reaction of voters approached at mid-week by Herald representatives.

The governor, lieutenant governor and commissioner of agriculture races are holding top interest on the state level. Also the race for U. S. Senator between Ralph Yarborough and William Blakley holds top spot in the interest of others.

On the district level, the race for state senator from the 24th District is in major position. Robert Patterson of Snyder is seeking the place held by David Ratliff of Stamford. Race between Mike Wain of Stamford and Leon Thurman of Anson also is vital to area residents as they seek the post of state representatives from the 85th District which is being vacated by Moyné Kelly of Afton.

On the county level there are two contested races. W. C. Thompson, Gene Spurgin Jr. and Roy Thorn are seeking the county clerk post now held by Spurgin. W. L. McGinnis, W. L. (Poochy) McDonald and Arden Beasley are in the race for district clerk, now held by Leno Thurman.

No precinct races are involved for the Hamlin section.

Voters of West Hamlin will vote at the high school business office, according to Lennie Greenway, election judge. Voters of the east side will vote at the city hall, where Tom Routh will preside.

See ELECTION—Page 3

Rides to Polls Offered Voters by Lions Club

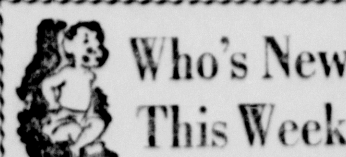

Voters of the Hamlin community who do not have transportation to and from the voting boxes in the primary election Saturday will be provided free auto transportation by members of the Hamlin Lions Club, it was announced Tuesday by Stan Sheppard, president of the civic group.

Voters desiring the transportation are asked to telephone 698, and cars will be dispatched to the homes of the voters. The cars will wait for the persons to vote, then return them home.

Week of Free Living Winner to Be Named

After four weeks of registering at the Hamlin Piggly Wiggly store, winner of a month's "free living" valued at \$370 will be determined Saturday evening at 6:30 in a drawing at the store.

Owner Edgar Duncan explains that the winner does not have to be present to win. Visitors to the store may continue to register up to the drawing time. The award consists of various amounts being given for such items as food, rent, baby sitting, movies, etc. for the winning person.

Who's New This Week

Two new citizens have been reported at Hamlin the Memorial Hospital since last week's report in The Herald. A boy and a girl, they are:

A girl arrived for Mr. and Mrs. Felix Marentes Jr. on July 16, at 5:15 p. m. Weighing six pounds eight and one-half ounces, she has been named Margarita.

A boy was born to Mr. and Mrs. Gregorio Salazar on July 18 at 8:06 a. m. After having his weight checked at seven pounds nine ounces, he accepted the label Gregorio Jr.

Sorghum Support Price Set at \$1.77

Price support rate for the 1958 grain sorghum crop in Jones County has been set at \$1.77 per 100 for Grade No. 2 or better, County Agricultural Stabilization and Conservation Committee Chairman R. G. Rowell announced this week. The rate for terminal stored grain sorghum can be obtained at the county office.

Support will be carried out through loans and purchase agreements, which will be available from harvest time through January 31, 1959. The loans will mature March 31, 1959. They are non-recourse loans which may be satisfied by delivery of the grain sorghum to the Commodity Credit Corporation.

Limited Use of City Water Urged While Mains Being Moved

Use of city water in Hamlin will be limited to regular household necessities from Wednesday night through Saturday morning, it is announced this week by Mayor L. H. McBride.

Changes in the location of the big 12-line water main line from Stamford to Hamlin are being made during these days in order to comply with the relocation of the new Stamford-Hamlin highway, so water in the line will be cut off from 10:00 p. m. Wednesday until 10:00 a. m. Saturday.

Cooperation of people of Hamlin in observing the non-use of water for irrigation during this period is urged, so that the city will have sufficient water for household use while the Stamford line is out of service.

VISITS IN BAILEY HOME.

Mrs. L. P. Cozzens of Abilene is visiting this week in the home of Mr. and Mrs. Clarence Bailey. Mrs. Cozzens is Bailey's aunt, and is 92 years young.

Increased Costs of Postage to Become Effective Next Friday Over Nation

Another pinch in the cost of living—and mailing—will be felt Friday of next week by people of the Hamlin territory and the rest of the nation, when postage rates will be raised on August 1.

Although the increases will affect several classes of mail, most patrons will be primarily concerned with first class mail postal rates. Post and postal cards will be increased from two to three cents. First class letters will now go for four cents per ounce instead of the traditional three cents.

Air mail post and postal cards will require five cents postage each instead of four. All other first class air mail will go for seven cents instead of six.

Circulars, printed matter and merchandise will be increased from two to three cents for the first two ounces. Pieces of odd shape or size will carry a 1½-cent

rate for each additional ounce, and the minimum per piece will be increased from three to six cents.

Third class per piece rate (books, catalogs, seeds, catalogs, etc.) will be increased from two to three cents for the first two ounces, then 1½ cents for each additional ounce.

The fourth class book rate will be increased from eight to nine cents for the first pound and each additional pound will cost five cents instead of four.

Third class mail, including unsealed printed greeting cards, will now cost three cents for the first two ounces and 1½ cents for each additional ounce. Weight limit for third class mail is increased on August 1 up to but not including 16 ounces.

The postmaster may be consulted concerning other changes in postage rates.

A THRILLING SCENE from "Wine of Morning," the celebrated first century Bible film that will be shown this (Thursday) evening at 7:00 o'clock at the Hamlin Church of the Nazarene, is shown in the picture above. The beautiful color film provides two hours of educational entertainment. It is a fanciful dramatization of the life of Barabbas, the man whom Pilate released at the demand of the mob and on whose cross Jesus Christ was crucified. The public is invited to see the film. A free will offering will be taken at the conclusion.

Hamlin Area Swelters In Over-100 Weather

Hamlin area has sweltered under a beaming summer sun for several days, with only an occasional let-up in the above-100 degree readings in mid-afternoon.

Readings at the Santa Fe depot at 4:30 p. m. for the past week show temperatures above the century mark for five of the past seven days.

Reading were: July 16, 102 degrees; July 17, 104; July 18, 104; July 19, 106; July 20, 98; July 21, 98; July 22, 106.

New Pastor to Preach In Faith Church Meet

New pastor of the Faith Methodist Church, 500 Northwest Avenue E, Rev. Gene Moore, will do the preaching in a series of revival services beginning tomorrow (Friday) evening. The services will continue each evening at 8:00 through Sunday, August 3.

Special music will be provided at each service under direction of Mrs. Moore, who is talented musician as is her husband.

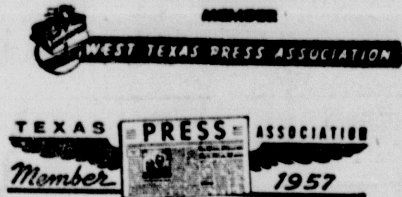

An invitation for the public to attend all the services is extended by members of the congregation.

DEVELOPING A COMMON SENSE FARM PROGRAM

The cost of the government's farm program continues to soar into economic outer space. A year alone the bill was \$3,300,000,000. Government controls and price fixing have hurt farmers more than they have helped.

That is the view of John L. Strohm, a farmer, businessman and one of the country's leading farm editors. In a recently published pamphlet, he argues that the controls and other programs have made surpluses inevitable, have placed a ceiling on opportunity, have shackled farm progress and reduced efficiency and amount to a waste of important resources—human, financial and mechanical. He also points out that price supports have been of extremely minor benefits to the small farmer.

Then Strohm presents what he terms a common sense farm program. It has seven points. In capsule form, here they are:

1. Quit trying to fix farm prices.
2. Free farmers gradually from controls.
3. Get rid of surpluses gradually.
4. Promote markets abroad.
5. Expand markets at home.
6. Develop new crops and new uses.
7. Help small farmers help themselves.

Strohm thinks that farmers will support such a program because they will be free to farm more efficiently and make more money; that housewives will support it because they will be able to serve better meals at less cost; and

The Laughing Place

What the only true "can't" we now of is this: "You just can't predict what can't be done." A newspaper once thought it could, and in 1876 editorialized thusly: "Well informed people know that it is impossible to transmit the human voice over wires... and that, were it possible to do so, the thing would be of no practical use or value."

A famous mathematician, too, "proved" that it would be impossible to fly a heavier-than-air craft, and people refused to believe that the Wright brothers had done it.

To ridicule the theory of "it can't be done" a large manufacturer not long ago posted the following placard where all the workers might see it:

According to the theory of aerodynamics the bumblebee is unable to fly. This is because the size, weight and shape of his body in relation to the total wingspread make flying impossible. But the bumblebee, being ignorant of these scientific truths, goes ahead and flies anyway!

After thinking it over, we have decided there must be a very special laughing place where all the people who have done what could not be done go to do their laughing. Such men as Christopher Columbus, Jules Verne, Alexander Graham Bell, Thomas Edison and Wilbur Wright must have an especially good time laughing over the impossibilities, particularly over that little item about the telephone never being of any particular use or value.

Farmers Still Are Vital

Farmers are steadily decreasing in numbers, but their importance to business has not diminished.

They are still the biggest customers business has. They buy 6,600,000 tons of steel annually. This is more than the entire auto industry uses in a year. In addition they spent \$3,000,000,000 for the maintenance and operation of farm machinery and other vehicles, which use some 17,500,000,000 gallons of gasoline and oil.

The combined spending of the 4,700,000 farmers of the nation in 1956 was greater than the retail sales of Philadelphia, Chicago, Detroit and Los Angeles combined.

The amount of capital the farmer has to invest per man is greater than that which industry must invest per worker. Livestock farmers have an average investment of \$37,862 per man. This is almost three times as much

that, finally, taxpayers will support it because it will mean a tax saving of about \$75 a year for the average family.

Government's efforts on behalf of agriculture add up to one of the most expensive flops in history. It is high time we tried an entirely new tack.

To be sure, as we consider a hands-off policy of government as far as agriculture is concerned, we must remember that most of the government controls have been brought on by the farmers themselves. They called for help when prices were low and the cost of farming was increasing. They voted by majority for acreage controls, which was a plan of straight thinking men to help control overproduction.

Taking the props of supports from under farm product price abruptly would bankrupt many farmers, because prices on commodities such as wheat and cotton, which are in huge surplus hoards, would drop to new low levels.

The farmer needs to think things through to the point of cutting the production of commodities that are in long supply. Oddly enough, many farmers in this territory actually want to be turned loose on acreages and price supports, believing that the price of cotton would remain above 30 cents per pound. No doubt, if government supports were taken away abruptly, the price of cotton would go to 10 cents a pound or less.

Spending Our Time

The story is told of a man who had a canary which sang sweetly. When summer came the man thought it was a pity to keep the canary indoors in its safe and accustomed surroundings, so he decided to hang its cage out in a tree in his yard.

Now, it happened that this tree was frequented by sparrows in great numbers. Before long the canary's song lost much of its sweetness and by the end of summer it could not sing like a canary any more at all. All it could do was twitter, twitter, twitter, like an English sparrow. It had spent the summer in bad company and it had become like them, losing its finest gift.

With more free time on our hands, it is well for us to think about how we can best spend it. There are ever so many interesting and worthwhile things to do. To be busy with interesting things is the best way to keep out of bad company during vacation or leisure time. By doing this we will not only be keeping what is fine and good in our make-up but we will be growing in character. The song of our lives will not then have deteriorated to a mere twitter, twitter.

In Touch and in Tune

In this day of TV popularity many a radio has been neglected and allowed to remain in a state of disrepair. Day by day in the regular routine, television and newspaper coverage seems to be inadequate. Then one day a hurricane threatens. Storm warnings indicate that we or our loved ones are in the path of danger. Suddenly we feel the need of closer contact, more continuous communication with someone who can tell us what to expect and how to prepare for it. But the radio won't work!

How typical of prayer in the lives of many Christians. Pre-occupied with religious activity and satisfied with once-a-week contact with some church, they abuse and neglect the "radio of prayer," the direct line to God. When crisis comes and the storm warnings begin, they frantically turn the dials, but they cannot hear God's voice; they don't know how to find him.

Of such as they God says "Because I have called and ye refused... then shall they call upon me, but I will not answer." But to those who keep in touch and in tune he says, "Who-so hearkeneth unto me shall dwell safely, and shall be quiet from fear of evil."—Sybil Town-

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated July 27, 1928:

Mr. and Mrs. M. Y. Wilson left Wednesday for Corsicana to visit relatives and friends a few days. Mrs. W. Hyde, wife of Dr. W. Hyde of Crowley, Louisiana, came last Friday to visit her parents, Dr. and Mrs. H. D. Pardue, and her sister, Mrs. W. A. Albritton.

Superintendent C. G. Green and wife left last Sunday for Austin, where Mr. Green will do special study at the University of Texas.

The Cranfill-Reynolds-Tarleton Willingham No. 1 well west of Hamlin was declared a producer this week at 3,097 feet. It was standing 2,000 feet in oil Thursday afternoon.

Fannie Pearl Magee returned last week from Dallas, where she had been to look at the latest ladies' styles. She also visited at Tyler.

L. F. Fannin, foreman of the Pastura section of the Orient Railway, is taking his vacation. He and his family left Tuesday for Glenrose.

TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated July 22, 1938:

Mr. and Mrs. Ross Fomby and Mr. and Mrs. R. A. Riddle returned Monday from a vacation trip into the mountains, going as far as Boulder Dam and back by Ruidoso, New Mexico.

City Marshal Jack Miles and family returned Friday from a trip to his old home in Kentucky.

Mr. and Mrs. McClelland, Mrs. Don Douglas, Mrs. Juanita Myers and son, Charles, of Dallas came this week to visit Mr. and Mrs. W. R. Wilkerson, Mr. and Mrs. J. C. Greenway, Mr. and Mrs. A. F. Dixon and other relatives.

Hamlin territory received good rains over the week-end that give new hope for fine crops in the area. Rainfall in some sections amounted to several inches.

Elsie Wienke spent the past week-end in El Reno, Oklahoma, visiting her sister, Mrs. J. G. Pope. She was accompanied by her parents, Mr. and Mrs. Wienke of Old Glory.

TEN YEARS AGO.

From the issue of The Hamlin Herald dated July 30, 1948, the following news briefs of 10 years ago are reprinted:

Drilling rig has been moved in on the Hollis Madden place, two miles southwest of Neinda. The oil wildcat is scheduled for 3,500 feet with rotary equipment.

George Bingham and Bill Bellah enlisted Monday in the Army.

Beauford Jester was elected governor of Texas, and Allan Shivers was named lieutenant governor by voters of the state in balloting Saturday that was heavier than usual.

Maxine Beasley, 23-year-old divorcee of Hamlin, is in a San Angelo jail in default of \$1,000 bond set after she was charged with obtaining \$300 under false pretenses from L. T. Malone of Phoenix, Arizona.

FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated July 31, 1953:

First load of 1953 maize was brought in to town Tuesday by Mose Jones, who lives east of town. He sold the grain to McBride & Johnson.

Hamlin Rotary and Lions Clubs are sponsoring a financial drive for funds for diabetes sufferers. Max Bentley of Abilene spearheaded the campaign here at regular meetings of the civic clubs.

Mr. and Mrs. Donley Williams are vacationing in New Mexico this week.

Many area ranchers are scheduled to participate in the distribution of emergency feed in cooperation with government agencies.

ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated July 25, 1957:

God's progress is being made on the new \$40,000 school building at McCaulley, reports Superintendent T. E. Green. The structure will be ready for the start of school on September 2.

New east wing addition to the Hamlin Memorial Hospital is being occupied by the staff this week. Some "winding up" work will continue in the \$60,000 wing.

Increased Auto Insurance Rates Are Result of High Claims, Public Advised

Automobile owners of Hamlin area and the rest of Texas were this week contemplating with concern the increased automobile insurance rates that on August 1 will make their costs increase almost one-fifth.

The State Board of Insurance, through local agents, issued the following statement:

Automobile insurance rates for Texas will be raised effective August 1, 1958. These increases result directly from an increasing number of automobile collisions, higher costs of repairs, larger medical costs and higher jury awards in actions for damages.

Average rate increase, statewide for all classes combined, will be approximately 19 per cent for liability insurance and approximately for collision insurance on private passenger cars. It is emphasized that these percentages are only the average increases, are based on Texas experience alone, and will vary widely among the different rating territories of the state and among the different classes of insureds. The State Board of Insurance, as required by law, has set these rates after a public hearing in Austin on June 20, and after careful study of statistics collected on automobile losses in Texas.

After these increases become effective, liability rates in Texas still will be below the majority of other states, and Texas will have the lowest rate among the eight states having the largest number of registered motor vehicles. The increase in rates is necessary be-

cause of the highest underwriting costs in history. Over the nation leading stock automobile insurance companies last year paid out \$116 for every \$100 received in policy premiums.

Judge Penn J. Jackson, chairman of the State Board of Insurance, said, "We cannot expect the automobile insurance companies to continue tremendous underwriting losses they have sustained during the past several years. These new rates, however, are designed to enable insurance companies to meet future automobile claims only and will not permit the companies to recover their past excessive losses."

"The driving public must realize that neither the State Board of Insurance nor the insurance companies determine automobile insurance rates. Instead, the drivers themselves determine what the rates are going to be from year to year. Rates drop when accident costs decrease; rates must rise when accident costs increase."

VISIT IN NORTHWEST.

Mr. and Mrs. Joe Hudspeth and children left last week for a two-week visit with relatives and friends in the Northwest. They were to visit friends at Seattle, Washington, where Joe was to join a fishing party into Canada, where the men were to remain a week.

GO TO WEST COAST.

Mr. and Mrs. Charles Lovell and two daughters, Rose Marie and Mary Alice, left Tuesday for a visit with relatives on the West Coast. They will visit several scenic and other points of interest to and from San Francisco, California. They will be gone about 15 days.

Two Operations In Area Spotlight Weak Oil Activity

Oil activity in the Hamlin region, like that in the rest of the region in recent weeks, has been minimal. Two operations have been spotlighted.

Casing has been run for completion in the Tannehill Sand at a northeast Stonevall County wildcat nine miles northeast of Hamlin. It is Fox & Ransdell of Abilene No. 1-121 Swenson Land & Little Company, located in Section 1, B. B. & C. Railway Company Survey. The 5 1/2-inch casing was set at 2,600 feet and the hole was cased to 3,245 feet. One drill bit test was taken, it being at 2,845 feet in the Tannehill. With the tool open for 67 minutes, gas surfaced in eight minutes and oil flowed in 55 minutes. Geochemical Surveys et al of Abilene staked its No. 3 A. S. Brown as a 4,100-foot rotary project three and one-half miles northeast of Royston in the Round Top Field. Site is 3,162 feet from the north and 1,660 feet from the west lines of Section 8, Block R, W. E. Richardson Survey.

Attendance at City's Sunday Schools Up Again, Reports Show

Sunday School attendance in churches of Hamlin made further gains Sunday to reach almost normal proportions, a check of the records by The Herald reveals. The 1,210 total was 32 more than the previous week but was 12 below the total for a year ago.

Attendance, by churches, for July 20, July 13 and a year ago follows:

Churches—	July 20	July 13	Year Ago
No. Cen. Baptist	59	64	82
First Baptist	335	351	360
Oak Gr. Col. Baptist	80	77	65
Mexican Baptist	32	44	43
Ch. of Nazarene	84	85	85
First Methodist	184	186	206
Foursquare Gospel	74	63	65
Faith Methodist	54	52	47
Sunset Baptist	53	34	47
Church of Christ	159	136	131
Calvary Baptist	57	46	45
Assembly of God	39	40	46
Totals	1210	1178	1222

ELECTION

(concluded from page one)

The complete ballot for Saturday's election follows:

For Governor—W. Lee O'Daniel, Joe A. Irvin, Henry B. Gonzalez and Price Daniel.

For Lieutenant Governor—Ben Ramsey and George Nokes.

For U. S. Senator—Ralph Yarborough and William A. Blakley.

For Associate Justice of the Supreme Court, Place 1—Robert W. Hamilton, Wilmer B. Hunt and J. Edwin Smith.

For Associate Justice, Place 4—Sarah T. Hughes and Joe Greenhill.

For Commissioner of the General Land Office—L. J. Dimmitt and Bill Alcorn.

For Commissioner of Agriculture—John C. White, Tom Griffin and Glenn H. Kothmann.

For Chief Justice, Court of Civil Appeals, 11th District—Clyde Grisom.

For Associate Justice, 11th Court of Civil Appeals—Ecco Walter.

For U. S. Representative, 17th Congressional District—Omar Burleson.

For State Senator, 24th District—Robert Patterson and David Ratliff.

For State Representative, 85th District—Leon Thurman and Michael Wash.

For County Clerk—W. C. Thompson, Gene Spurgin Jr. and Roy Thorn.

For County Treasurer—D. E. White.

For County Judge—H. G. Andrews Jr.

For District Clerk—W. O. McGinnis, W. L. McDonald and Arden Beasley.

For County Superintendent—Everett Beaver.

For County Surveyor—Lee McCaleb.

For Commissioner, Precinct 4—J. E. Touchstone.

For Commissioner, Precinct 2—Hollis Haynes.

For Justice of the Peace, Precinct 2—Roscoe Hood.

For Justice of the Peace, Precinct 18 (Hawley)—Omar Burkett.

For Justice of the Peace, Precinct 1 (Anson)—Fritz Hale, Ben F. Bailey, Chester M. Horn, Albert Storey and Joe Mathis.

LITTLE LEAGUE

(concluded from page one)

pitcher for the locals, who allowed only one hit to Merkel and struck out 15 batters.

The all-star team, picked from the four member teams of the Hamlin Little League that recently completed its season, pelted three pitchers from Merkel, getting 18 hits during the six-inning fracas.

The Merkel team got only one hit during the game, but put a man on third base three times during the game.

Fisher, first pitcher for Merkel, gave up five hits and six runs in the first inning before being relieved.

Box score on the Tuesday night game follows:

Cut in Per Capita Not To Hurt Schools Here

Hamlin Independent School District will not materially be affected by the state per capita school allotment cut to \$75 from last year's \$82, it is announced by Superintendent of Schools C. F. Cook.

While the per capita apportionment will be trimmed \$7, Hamlin schools will receive additional aid for transportation and teacher pay assistance during the coming school year, Cook says, the two being just about offset.

Plans for Three-County HDC Camp at Lueders Made at Meeting of Council

Eleven clubs were presented by 19 members and three visitors when the Jones County Home Demonstration Club Council met July 16 at 2:30 p. m. in the agent's office in Anson.

Roll was called, visitors recognized and welcomed, after which the minutes were read by Mrs. Howard Roberts, council secretary. Club reports were given, telling the many interesting activities carried on the past month.

The council will not meet in August, it was announced. All clubs are urged to enter in the West Texas Fair, to be held in Abilene in the fall. If a club wishes to have a display, they should let Mrs. Wayne Hendrix know in time that she can notify Loretta Allen by August 1.

Baby's Routine Clue To Good Beauty Care

Baby's daily routine which results in that fresh and dewy look contains a helpful beauty tip for any mother.

Have you noticed the difference in your baby's complexion when he is sleepy, doesn't feel well or hasn't been eating right? His skin becomes blotchy, his eyes dull and watery. But after a restful bath or nap, his skin has a fresh pink-and-white bloom.

So, too, do you reflect the need for plenty of sleep, proper diet, outdoor exercise and good complexion care.

Just as babies thrive on sleep, regular hours and meals, so will their mothers.

Make an experiment of it. Try giving yourself the same kind of care you give your baby. You'll soon reflect that cherished glow.

How to liven up a lunch box

Meat—cheese—egg—almost any kind of sandwich tastes new and wonderful when you use Miracle Sandwich Spread. It's made by KRAFT.

Miracle Sandwich Spread

Each club that participates will receive \$15 provided they are not first, second or third class winners.

The nominating committee for council officers was elected with Mrs. Maxey Harvey, Mrs. W. C. Glazner and Mrs. I. B. Ray being selected. Mrs. Glazner will serve as chairman.

The three-county camp, composed of members from Fisher, Haskell and Jones Counties, will be held at Lueders Thursday and Friday, July 24 and 25. Meals and insurance will be \$2.50, with 25 cents for registration fee.

Activities begin Thursday at 2:00 p. m., with Fisher County registering until 3:00. Crafts, with Jones County in charge, will be from 3:00 to 5:00. Mrs. Harry Holt from the Hobby Shop in Abilene will bring a number of crafts to choose from.

From 4:30 to 5:30 is swim time, with 5:30 to 6:00 free time; supper served at 6:00 to 7:00, followed by general assembly in the tabernacle from 7:00 to 8:00, from 8:00 to 9:00 will be a program and from 9:00 to 10:00 recreation, then vesper services at 10:00 by Fisher County. Refreshments will then be served, each club to bring cookies, and drinks will be purchased at the concession stand.

Friday morning breakfast will be served from 7:00 to 8:00; sing-song 8:00 to 8:30; and another swim from 8:30 till 9:00. Crafts will be finished from 9:00 to 10:00, followed by recreation from 10:00 to 10:45. Business meeting will be held from 10:45 to 11:45, with 15 minutes for free time before lunch is served from 12:00 to 1:00 o'clock. After lunch it will be time to go home, with everyone tired but having had a good time and looking forward to another year.

Mrs. Noel Weaver of Jones County will be camp chairman this year. Mrs. Weaver is a member of the Good Neighbor Club.

FISHING WAS GOOD.

Mr. and Mrs. W. B. Cotten returned over the week-end from a trip to Glenwood Springs and Lake City, Colorado. They reported that trout fishing was good in that area.

VISITORS FROM TULSA.

Mrs. Paul Behning and daughter, Patty, of Tulsa, Oklahoma, were visitors last week with her parents, Mr. and Mrs. O. T. Hennington.

RETURN FROM FLORIDA.

Mr. and Mrs. Ed Croan and daughter, Donne, returned Sunday from a two-week vacation spent with Mrs. Croan's parents, Mr. and Mrs. Frank Proctor, at Ocala, Florida.

Peaches, Ice Cream And Vegetables on July Plentiful Listing

July is peach and ice cream time.

However, in the past few years there has been a scarcity of good peaches to go with our plentiful supply of ice cream, says the U. S. Department of Agriculture.

Good news this year is that the largest peach crop since 1947 will move to market in July to team up with ice cream. This is why these foods are featured items on the July plentiful foods list.

The forecast of the 1958 peach crop in the nine Southern states, which produce the bulk of the nation's early peaches, is 44 per cent larger than the 1957 production, and also 53 per cent above the 1947-56 average.

Other foods considered in plentiful enough supply to rats spots on the July plentiful list are fresh and processed lemons, watermelon, potatoes, summer vegetables and vegetable fats and oils.

Among the summer vegetables expected to be in good supply are such items as sweet corn, tomatoes, cabbage, green beans, lettuce, cucumbers, green peppers and onions.

USDA determines what foods are plentiful every month by a survey of the major food suppliers in this area.

VISIT FROM LUBBOCK.

Mr. and Mrs. Robert Gray and children of Lubbock visited with his uncle and aunt, Mr. and Mrs. Bonnie Bingham. Mr. and Mrs. George Bingham and Denise, also of Lubbock are visiting in their parents' home.

VISIT IN MAY HOME.

Visitors in the home of Mr. and Mrs. Tate May the past week were Mrs. Wayne B. Baker and daughter, Janice, of San Angelo. Mrs. Baker is Mrs. May's niece.

FRANK BAYOUTH UP.

Frank Bayouth, Hamlin dry goods merchant, is much improved following recent surgery in a D-I-las hospital. He was able to be at the store first of the week after several weeks' absence.

ATTENDS WEDDING.

Mrs. Clarence Bailey attended the wedding last Friday of Melton Bailey of Fort Worth, a grandson. The wedding was in a Fort Worth Church of Christ.

Tips on Getting Better Photographs Offered by Professional Specialists

Why not put your best face forward to the camera next time you have your picture taken?

You can get a real glamor-puss portrait of yourself easily by using a few of the tricks employed by professional models. You don't need all of the facilities of a Hollywood make-up studio either. Just the basic every day essentials—rouge, pancake make-up, lipstick, vaseline, mascara, cleansing tissues—will do nicely.

Here are some practical suggestions from Patricia Stevens, head of the nationally known model schools:

First, tuck cleansing tissues around the neckline of your dress to protect it from cosmetic stains and smears.

Select pancake make-up one or more shades darker than you usually use and apply evenly to give your skin a mat-like finish and to conceal minor flaws and blemishes. Powdering over the pancake is not necessary unless you wish to darken specific areas of your face.

Use rouge only to minimize certain of your features. For example, rouging a sagging chin will make it less noticeable in the photograph. A light touch of

rouge on each side of a too-wide nose will make it appear slender. You can slim down a full face by patting rouge along your cheek and jaw lines.

Choose a dark shade of lipstick and apply with a lip brush. Don't try to change the line of your lips, for you want the photograph to look like you—at your best. A thin coat of vaseline over your lipstick gives a moist, alluring gloss.

A touch of mascara will accent your eyes.

There are a few simple don'ts also:

Fancy, extreme hairdos will date the picture. Keep yours as simple as possible.

Relax. Don't "freeze" before the camera. And don't stare intently at a fixed object. Think of smiling with your eyes. You can accent the pretty lines of your mouth by holding your lips apart slightly.

Avoid over-dressing. A simple costume with a touch of white at the neck photographs best. Or a dark dress touched up with a

Baptist Women Elect Officers for Coming Year at Monday Meet

Members of the Woman's Missionary Society of the First Baptist Church met Monday for a missionary program and for election of officers.

The missionary program was led by Mrs. Edgar Duncan. Her subject was "An Ancient Door." The countries of Lebanon, Jordan, Nigeria, Egypt and Indonesia were discussed by Mrs. LaFoy Patterson, Mrs. Nell Laminack, Mrs. Carl Young, Mrs. A. H. Trotter and Mrs. Tate May.

Officers elected for the 1958-59 year, which begins October 1, are as follows: Mrs. L. E. Prewitt, president; Mrs. Clyde Grice, program vice president; Mrs. L. R. Fowler, enlistment vice president; Mrs. Sigmund Stovall, secretary; Mrs. Aaron Wells, treasurer; Mrs. Johnnie Agnew, pianist; Mrs. Clyde Lewis, chorister; Mrs. Vernon Sharer, S. C. Ferguson Sr., I. D. Miller, A. Spencer and Herman Sharer, circle chairmen.

Directors for young people's organizations: Mrs. Kenneth Riddle, Young Woman's Auxiliary; Mrs. A. H. Trotter, Girls' Auxiliary; Mrs. Bill Shira, Sunbeams.

Committee Chairmen—Mrs. L. B. Shelburne, mission study; Mrs. Nell Laminack, prayer; Mrs. Edgar Duncan, community missions; Mrs. Aaron Wells, stewardship; Mrs. Bill Harbert, publications; Mrs. W. G. Ferguson, publicity; Mrs. C. R. Lovell, social.

Methodist Women In Program Monday

Members of the Bonnie McBride Circle of the Woman's Society of Christian Service of the First Methodist Church met Tuesday morning in the home of Mrs. Howard Mehaffey. Mrs. James E. Ballard presented the program.

Those present were Mrs. Edmund Robb, Parker Kelley, Jack Vaughan, Mac Fullerton, James E. Ballard, L. C. Bonds, Howard Mehaffey, Phil Smith, and William Fairbetter.

Mrs. Mac Fullerton will be hostess for the August meeting.

piece of jewelry is effective. There. That's perfect. Hold it!

Patricia Bennett of Abilene, Bride-Elect, Honored at Gift Tea

Patricia Bennett, bride-elect of Weldon Crowley, both of Abilene, was honored at a gift tea in the home of Mrs. L. H. McBride last Thursday evening.

Receiving was Mrs. McBride, who presented the honoree; her mother, Mrs. Gordon R. Bennett of Abilene; and Mrs. Charles Holder of Westfield, New Jersey.

A white madiera cloth covered the tea table. A footed crystal epergne held pink and white carnations with white "rain" cascading over them. Crystal candelabra held pink tapers and other appointments were of crystal and silver.

Eleanor Gay Temple and Mrs. W. H. Gilbert of Abilene presided at the tea table.

Hostesses for the occasion were Mrs. McBride, Mrs. Ira Parker, Mrs. W. B. Rountree, Mrs. W. T. Johnson, Mrs. Willard Maberry, Mrs. Carl T. Murrell, Mrs. M. T. Hudson, Mrs. Buren Carlton and Mrs. Brad Rowland.

E. W. Anderson Feted At Farewell Party in Whitfield Rotan Home

Telephone friends honored E. W. (Andy) Anderson with a farewell party last Tuesday in the J. M. Whitfield home at Roby, where a covered dish meal was enjoyed by all in attendance.

Games of forty-two were played throughout the evening. Anderson was present a belt and rod and reel as going-away gifts from the group. Prior to the gift presentation a poem composed by Mrs. Everett Gibson and dedicated to Anderson was read.

Guests registration was in a telephone scrapbook compiled from accounts of Anderson's activities and experiences during his residence at Hamlin. Friend attended from Hamlin, Roby and Rotan. The evening's entertainment was concluded with watermelon.

Anderson has been local wife chief for Southwestern Bell Telephone Company the past three and one-half years. He has been transferred to Abilene as installation foreman.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin—Focus of interest in Texas this week is not on the state capital.

It's all over Texas in a school building or a fire station or a church house—wherever a man stands in a little pasteboard booth with a piece of paper and a blunt pencil.

In the booth is a man who looks like an average, unimportant sort of guy. Chances are he's not very rich, not very interested in politics, as a rule. But John Q. Poll-Tax-Payer is the most important man in Texas this week. With a few strokes of his pencil Saturday he'll decide who will be who in Texas for the next two years or more.

When John Q. glances down the ballot he may see a number of names he's never heard of. He'll pause, scratch his head, wonder which name "sounds best," finally shrug, make a mark and go on.

Such a possibility gives office seekers the cold shakes. For fear their names may yet be unknown to some, they will try to be everywhere at once this week.

In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct convention. Governor Price Daniel, supported by moderate conservative party officials, is asking him to come and vote for "majority rule." Opposing the governor are the liberal Democrats of Texas who want John to join their drive to assure that "only real Democrats shall participate in Democratic party affairs."

Nobody can positively predict what John will do. Past records show that some years he feels liberal; some years, conservative. And some years, both ways at the same time.

Oil Quota Up Again.—Texas oil allowable for August will be 328,185 barrels a day more than for July—a hopeful sign for an industry that has been "in the dumps" for more than a year.

Texas Railroad Commission set next month's allowable at 2,978,058 barrels daily. Number of producing days will be increased from nine to 11. Last month production

rose from its all time low of eight days.

Reason for the increase was not so much the disturbance in the oil producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels.

Insurance Board Upheld.—State Insurance Board finally scored a technical knock-out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the insurance board.

The board had appointed C. H. Langdeau as the state liquidator. Judge Betts said he did not regard Langdeau as acceptable. He then named Taylor receiver for cases in his court.

The Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and the insurance department over insurance company liquidation has been a source of dissension for years.

Fifty-Fifty Plan.—State Highway Department will reimburse cities and counties half the court costs of securing land for state and U. S. highway building.

Up until last year costs of obtaining right-of-way were borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost 50-50 with cities and counties.

At first this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to include half the court costs and appraisers' fees.

More Prison Cotton.—An increase of 10.88 per cent has been ordered in the Texas prison system's cotton acreage allotment.

Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger-than-average cut. Less production means less money for operating the prisons, they pointed out, and, hence, greater cost to Texas taxpayers.

On their behalf the Texas attorney general's department appealed to the Agricultural Stabilization Committee and, finally, to federal court.

Adjustment obtained will mean 384 more acres of prison cotton can be harvested. It will save \$100,000 in tax money, prison officials estimate.

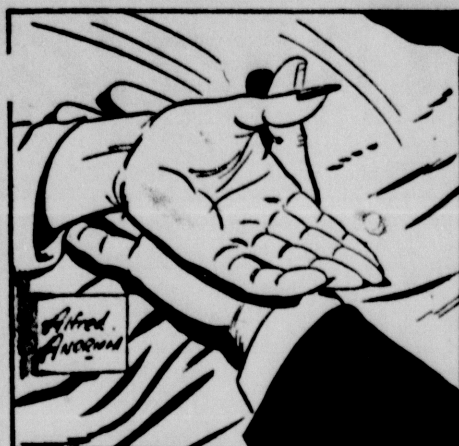

City Tax Proposals.—City officials are laying plans to ask the next Legislature to extend and adjust city taxing powers.

Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.
2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

School Fund Fight.—A rough-and-tumble time can be expected next year when lawmakers con-

KERRY DRAKE

sider just how permanent the permanent school fund should be.

Representative Louis Dugas of Orange has announced he will introduce a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert one per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million-dollar endowment. They

compare it to "eating the seed corn."

Report on Rainy Days.—Texas Employment Commission's report for the first half of this year shows that 185,000 Texans received jobless benefits.

Payments totaled \$38,164,378 for this period.

Average claimant was eligible for 19.8 weeks of assistance, but drew for only 12.7 weeks.

This proves that unemployment compensation serves as a rainy day tide-over between jobs," commented TEC Chairman Maurice Acers, "and not as a prolonged dole."

ATTEND FAMILY REUNION.

Mr. and Mrs. Bonnie Bingham, Mr. and Mrs. L. R. Faulkenberry and Mr. and Mrs. Fred Vaughn and children attended the Bingham and Brown family reunion at Lake Eaves near Comanche Saturday and Sunday.

A sewer grows rich by seeming poor. A spender grows poor by seeming rich.

Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits.

VISIT FROM CALIFORNIA.

Truett May from Salinas, California, and Mrs. C. C. Rister from Lubbock visited their mother, Mrs. M. P. May, the past week. They also visited in the home of their brother, Tate May.

Not everything that is cut to half price is worth buying.

Paul Bryan Lumber Co.

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending July 12, 1958, were 22,975 compared with 26,650 for the same week a year ago, reflecting a decline. Cars received from connections totaled 8,467 compared with 9,228 for the same week in 1957.

Total cars moved were 31,442 compared with 35,881 for the same week a year ago. Santa Fe handled a total of 34,421 cars in the preceding week this year.

White Dealer Goes to Toy and Gift Show

B. O. Bell, White's authorized dealer in Hamlin, has just returned from the huge toy and gift merchandise show held annually at White Stores, Inc. home office and warehouse in Wichita Falls. Bell was one of 183 White's authorized dealers who attended the vast event, which displayed over 5,000 items of toy and gift merchandise, plus a good percentage of the many items offered year around by White's. These items include housewares, sporting goods, small electrical appliances, television and hi-fi sets, major kitchen appliances, etc.

HELD ON NARCOTICS CHARGE—Mrs. Qusen Robberson, a 78-year-old Amarillo motel operator, is led into police headquarters here by Detective Lieutenant E. E. Storey after her arraignment on charges of narcotics possession—perhaps as much as \$100,000 worth in retail "street" value. Mrs. Robberson was held under \$2,000 bond.

Donald H. Moyers, Oil Pumper, Dies At Hamlin Monday

Donald Hubert Moyers, 64-year-old pumper for General Crude Oil Company's plant west of Hamlin, died Monday morning at the Hamlin Memorial Hospital after a lengthy illness. He had been ill about a year, and had been in the hospital about two months. Moyers was a native of Tennessee, having been born December 1, 1893, to Mr. and Mrs. Samuel Moyers. He married the former Ruby May Rasbury at Kaufman on December 10, 1916. He had been employed at the General Crude station eight years.

The body lay in state at the Hamlin Funeral Home Monday until 10:00 p. m., when it was taken to Longview.

Funeral services were conducted Wednesday afternoon at 2:00 o'clock at Welch Funeral Home. Burial was in Grace Hill Cemetery at Longview.

Eight or 10 Hamlin people were scheduled Tuesday to attend the Wednesday rites at Longview.

Surviving Moyers are his wife, Mrs. Ruby May Moyers; one daughter, Mrs. Morris Scott of Azle; and one grandchild.

The Herald has carbon paper.

Several New Books Added to Library by Forum Unit Recently

Several new books have recently been purchased for the Hamlin Memorial Library by the Hamlin Woman's Forum, sponsoring organization, it is announced this week.

Among the new books added to the library are "Northern Light" by A. J. Cronin, "Ice Palace" by Elina Ferber, Fun Encyclopedia, a game book by Harbin, and "The Horse of Hurricane Hill," a juvenile.

Also two copies of the book, "The Tactful Texan," the life of former Governor Hobby, have been presented to the library by Mrs. Oveta Culp Hobby.

The library is open from 2:00 till 5:00 o'clock each afternoon except Friday, when it is closed. It is open from 9:00 till 11:00 o'clock on Saturday mornings.

The forum meeting voted to add new books to the library each month.

Next meeting of the forum will be July 29 at 3:00 o'clock in the afternoon.

ROOM FOR ADVANCES.

Applicant — "Do you have an opening for a genius?"

Personnel Manager — "Yes, we do. And don't slam it on the way out."

Nominal Damage Being Done by Insects Over State

Continued nominal damage is being done to cotton in the Northwest Texas area, of which the Hamlin territory is a part, and infestations over the state as a whole are prolific, according to the weekly cotton insect condition report prepared by the Texas Agricultural Extension Service in cooperation with the plant pest control branch of the U. S. Department of Agriculture.

Highlights from the general report, with special details of the Northwest Texas area condition, follow:

Thrips infestations were reported light in all areas except the North Plains area. Fleahoppers were reported ranging from light to heavy in all areas of the state. Cotton bollworms were observed ranging from light to medium in the state, except in the Lower Valley area, where heavy infestations were reported. Boll weevils were reported to have increased their activity in most areas especially in Northeast, East, South Central, Upper Coastal, Coastal Bend and Southwest areas.

Grasshoppers were reported to be doing severe damage in the Northwest area and causing some damage on field margins in Upper Coastal, Central and North Central areas. Heavy infestations of aphids were reported from the Northwest area. Pink bollworms were noted to be generally light except in the Upper Coastal area where heavy infestations were reported. Other insect pests reported doing some damage were false chinch bugs, lygus bugs, leafworms, spider mites, cabbage loopers, square borers and garden webworms.

In the Northwest Texas area light infestations of thrips were reported in Motley and Hall Counties, while medium infestations were reported in Runnels, Cottle and King Counties. Fleahoppers were reported light in Motley County, medium in Hall and Runnels Counties, and medium to heavy in Cottle and King Counties. Heavy infestations of aphids and false chinch bugs were reported in Motley County. Light to medium infestations of grasshoppers were reported in Cottle and King Counties, while Runnels and Hall Counties reported severe infestations.

"Wine of Morning" Bible Film Set at Nazarene Church

"Wine of Morning" acclaimed as "the most spectacular, the most dramatic evangelical film ever produced," will be shown in Hamlin at the Church of the Nazarene this (Thursday) evening at 7:30 o'clock, according to Bill Hanna, pastor.

This full length (two hour) brilliant color production is based on the novel, "Wine of Morning," written by Dr. Bob Jones Jr., who is president of Bob Jones University at Greenville, South Carolina, an interdenominational fundamental institution which draws nearly 3,000 students from every state and some 25 foreign countries. Unusual Films of Bob Jones University produced the motion picture.

Except for several countryside scenes, all of the shooting for "Wine of Morning" was done on the 200-acre university campus. All of the authentic settings were constructed and the elaborate colorful costumes were made by the staff and students. Dr. Joseph Schmoll, a member of the university's music faculty wrote all of the original music for the film. The score was played by the university's orchestra. Everyone connected with the film, either in acting or producing, is a professing Christian.

"Wine of Morning" is a fanciful dramatization of the life of Barabbas, the man whom Pilate released at the demand of the mob and on whose cross Jesus Christ was crucified. Ingeniously woven into the story are a number of the miracles of Jesus Christ, including the turning of the water into wine at the wedding in Cana of Galilee and the healing of the man whom his friends let down through the roof. Especially resourceful are the varied ways in which the presence of Christ is indicated, though His face is never actually seen on the screen.

Average Auto Driver Went 8,000 Miles in '57

If you drove 8,000 miles in 1957 you're about average, according to the National Safety Council.

The council, in its recently published statistical yearbook, "Accident Facts," reported that the nation's 80,000,000 licensed motorists drove a total of 650,000,000,000 miles—an average of little more than 8,000 miles per person.

Auto accidents, said the council, injured 1,400,000 drivers and pedestrians in 1957, and took the lives of 38,500 persons.

IRRIGATION RESTRICTIONS The new highway right-of-way to Stamford requires that some of our main service water line be moved. Therefore, our water supply will be limited to household uses from 10:00 p. m. Wednesday, July 23, till 10:00 a. m. Saturday, July 26. Please tell your neighbors. Your cooperation on these days is sincerely solicited so that we will have sufficient water for household use while this Stamford line is out of service.—City of Hamlin. By L. H. McBride, Mayor. 1c

WILL TRADE equity in 1957 Midway trailer house for lots of equal value.—Mrs. C. W. Carlan, 450 Southwest Avenue E, telephone 659-W. 39-3c

tank truck, tank trailer or a y container to another tank truck, tank trailer or container on any street or alley of the City is prohibited.

Section 10. The parking of any tank truck or tank trailer on any street or alley within the corporate limits of the City of Hamlin for a period time in excess of two (2) hours is prohibited. Any tank truck, tank trailer or dispenser of liquefied petroleum gases shall not be parked or stored upon any street or alley within the fire zone at any time.

Section 11. Any installation, transportation, distribution or handling of liquefied petroleum gas not specifically regulated in this ordinance must comply with the requirements of the Liquefied Petroleum Gas Docket No. 1 of the Railroad Commission of Texas and the regulations of the Fire Insurance Division of Texas.

Section 12. Any person, firm or corporation creating a hazard to persons, or adjoining property by the installation, handling or storing of liquefied petroleum gas shall be required to remove this hazard immediately.

Section 13. Any person, firm or corporation violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction for violation thereof, shall have their City permit revoked, and shall be fined in any sum not to exceed One Hundred Dollars (\$100.00) and each day of use or operation of any such equipment shall constitute a separate offense.

Section 14. In the event any section or part of section or provision of this ordinance shall be held invalid, such invalidity shall not affect the valid portions hereof which shall be enforceable regardless of such holding.

Section 15. The fact that there does not now exist sufficient rule or ordinance regulating and controlling the installation, transportation, dispensing or use of liquefied petroleum gases within the corporate limits of the City of Hamlin, Texas, which said gases are highly volatile and inflammable and if not properly controlled and regulated constitute a dangerous and hazardous condition affecting life and property, creates an emergency and imperative necessity for the immediate rescinding of our present ordinances and amendments as recorded in Minutes Book 3, pages 229 and 406 as amended, Minutes Book 4, pages 208 and 278, as insufficient and antiquated for the control of liquefied petroleum gas. This necessitates the suspension of the rule requiring ordinances to be read or three separate days before the final passage thereof, wherefore such rules are hereby suspended and this ordinance shall be effective from and after its final passage, and it is so ordained.

Passed and approved this 19th day of March, A. D. 1958. Approved: A. Spencer, Mayor Pro tem. Attest: H. M. Barrow, City Secretary.

CLOSED Election Day Saturday, July 26th

Although we all seldom agree on who should be elected to a certain public office, we are agreed on the principles of democracy in being able to vote for people of our individual choice. Free elections are a definite part of our inalienable rights which are enjoyed by a small percentage of peoples of the world today.

We urge you to exercise your right to vote in Saturday's primary election to select precinct, county, district and state officers. Polls will be open from 8:00 a. m. till 7:00 p. m.

In observance of Election Day, this bank will be closed all day Saturday, July 26. Patrons of the bank will please arrange their transactions with the bank accordingly.

Hanna Resigns as Pastor of Hamlin Nazarene Church

Rev. W. S. (Bill) Hanna, who has been pastor of the Hamlin Church of the Nazarene for nearly two years, Sunday resigned the pastorate, effective August 31. The resignation was reluctantly accepted by the congregation Sunday evening at the regular church service.

Hanna has received a call to the pastorate of the North Side Church of the Nazarene in Fort Worth several days ago. He declared to a Herald reporter that making the decision to leave the Hamlin church was a difficult one. However, the opportunities in the new field were challenging and offered a broader field of work, hence his acceptance of the Fort Worth place.

Hanna has been active not only in his own church but in district and state affairs of the Church of the Nazarene. He also was active in the Hamlin Ministerial Alliance, being president of that group at this time.

Hanna will continue to fill the pulpit at the local church through the month of August, he said.

Official board of the local church is due to meet with Dr. Orville Jenkins of Lubbock, district superintendent, Wednesday evening to discuss a successor to Hanna in the local church. They hope to announce a new pastor by the latter part of August, church leaders said Tuesday.

You can always get someone to agree with you if you say what he likes to hear.

YOUTHFUL FLYING ENTHUSIASTS — Rogers and Harley Hollan, 10-year-old twin sons of Mr. and Mrs. Roger Hollan, are shown with Bob Seiker oferville Flying Service getting ready to go up for their third flying lesson. The boys will have to be 16 before they can solo and get flying licenses—but they should be ready by then.

Farm Accidents for 1957 Injure 1,000,000

A million farm residents were injured in accidents in 1957.

More of the farm accidents occurred in the home than anywhere else, according to the National Safety Council.

The council, in its recently published statistical yearbook, "Accident Facts," lists 430,000 home injuries in 1957 to the 21,000,000 farm residents.

The motor vehicle, however, was the No. 1 death dealer to rural residents. It took 5,300 lives. By comparison, 2,900 persons died in home accidents.

Walter J. Major, Retired Farmer, Passes Saturday

Final rites for Walter Jasper Major, 83-year-old retired farmer of the Hamlin community, were conducted Sunday afternoon at 3:00 o'clock at the First Baptist Church.

The octogenarian died early Saturday morning at the family residence on South Fourth street following a long illness.

Born April 1, 1875, in Hill County, he was the son of Mr. and Mrs. B. T. Major. He married the former Ethel Duke at New Hope, Jones County, on June 2, 1918. A former Stamford resident, he had been a farmer near Hamlin for many years, retiring from active duty several years ago.

Officiating at the funeral services was Rev. J. H. Skiles, Baptist minister of Snyder, and Austin Siburt, minister of the Hamlin Church of Christ.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home.

Survivors include his wife; two sons, Haldor Earl Major of Hamlin and H. E. Major of Cactus; one daughter, Mrs. W. C. (Juanita) Hardage of Hot Springs, Arkansas; one brother, R. F. Major of Itasca; three sisters, Mrs. H. L. Davis of Houston, Mrs. Julia Callahan of Temple and Mrs. J. S. Redwine of Seymour; and two grandchildren.

Religion and tolerance go hand in hand, but some of us evidently miss the connection.

Baptist Boys of Area Attend RA Camp at Lueders

Rev. Rudolph Russell, missionary to Thailand, will be camp missionary for the Junior Royal Ambassador camp at Lueder Baptist Encampment grounds July 31 through 31. Around 550 boys are expected in camp next week, and many will be from the Hamlin area. Registration of Intermediate RAs reached 105 this week.

Rev. Grady Allison, pastor of the First Baptist Church at Munday and district RA leader, will be in charge of the camp. Rev. Byron Bryant, pastor of the First Baptist Church at Breckenridge and president of the encampment, will be camp pastor.

Boys from nine through 12 years of age will be in camp from all over the district. The program will include mission and study classes, worship services, missionary services, sports and crafts. Rev. Allison said. Sports will include swimming, baseball, track, horse-shoes, table tennis, volleyball and other sports. Jerry Henson of Abilene will be sports director. The buddy system will be used in organization of the camp by chapters.

Herb Harker of Rochester will be music director, and Edwin Peoples of Abilene pianist. Mission book teachers will be Milton Thompson of Hawley, Jake Armstrong of Tye, Edwin Peoples of Abilene, B. L. Davis of Cisco, A. H. Williams of Trent, Marvin Burgess of Gillespie and Bill Beatty of Anson. Ranking class instructors will be Gene Brock of McCauley, Ed Thomas of Rochester, Rev. Calvin Bailey of Hamlin and Fred Blake of Roby.

Misunderstanding on Death of Colt Causes Stir in Two Towns

Some excitement was created last week-end in Rotan and Hamlin when a report was circulated that a boy had been dragged to death on the armor farm, in northeast Fisher County, west of Hamlin.

A misunderstanding indicating that a horse had dragged a boy to death brought Justice of the Peace Hollis Head of Rotan as well as Deputy Sheriff Bill Ashley of Fisher County to the armor farm. Head expected to render an inquest verdict.

But the two officers were relieved to find they were to investigate the death of a colt instead. Johnny Woods of Hamlin had placed the call, thinking the colt had been dragged to its death.

Ashley found, however, that the colt had been shot with a .22 rifle and had run until it died. Who shot the colt was not known.

Crops of County Generally Good, Says County Agent

Despite the fact that much of the maize crop in the Hamlin section is being damaged considerably by lack of moisture and hot, dry winds in recent days, bumper crops of maize and cotton in the county now promise to be the best since 1949, according to County Agent Kirby Clayton.

Much of the county has received rains ranging up to five inches during the past three weeks, putting the crops in fine condition. Hamlin has registered about half an inch, which is the lightest rainfall in the entire county, according to reports coming to The Herald.

In another two weeks maize harvesting should begin. At the worst, a large crop should be combined, Clayton believes. Some of the maize grown densely is expected to suffer without additional rains.

Generally, cotton prospects are bright. Lack of rain has not hurt the cotton as much as it has the feed.

Actual cotton acreage this year is placed at 93,224 acres. An additional 19,971 acres was placed in the soil bank. Cotton is growing off rapidly with sturdy stalks. However, continued hot and dry winds are hurting cotton.

SOMETHING TO LIVE FOR.

The husband was very despondent.

"You know, Henrietta," he said to his wife, "I sometimes think there's nothing left to live for."

"What on earth are you talking about?" demanded his spouse. "There's plenty for you to live for. The house isn't paid for yet, the car isn't paid for, the TV isn't paid for . . ."

Another Gain Shown in Scholastics in Area

Second gain of about 20 students in the scholastic census for Hamlin Independent School District has just been reported by Superintendent of Schools C. F. Cook from tabulations just completed.

Total scholastics in the district were 1,162, Cook says, 161 of which are colored. This is an increase of 20 over last year's count, and 40 more than the 1956 tabulation.

Imagine Being Happy During CHANGE-OF-LIFE!

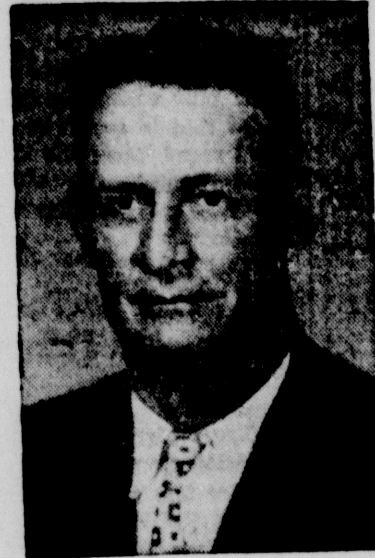

Thousands of women now go "swimming through" these trying years—without awful suffering from "hot flashes"! Countless women have found you no longer have to feel sickly, "old" before your time. Today, many can enjoy change-of-life—without terrible suffering! Pinkham's Tablets have been developed especially to relieve those functionally-caused "female miseries". Their unique formula includes blood building iron! With Pinkham's Tablets, you can escape much of the "hot flashes", irritability. You're ready to start living again!

NO PAINFUL SHOTS! 8 out of 10 tested by doctors got thrilling relief—without costly shots! Why not you? Get Lydia E. Pinkham's Tablets at drug stores. See if you don't find new happiness during change-of-life!

IF YOU PREFER A LIQUID, DRUGGISTS also have Lydia E. Pinkham's Vegetable Compound.

THIS IS YOUR HOME TOWN—SUPPORT ITS MERCHANTS!

To The Voters of Jones Co.

W. O. MCGINNIS

To those of you whom I have seen, I would like to take this opportunity to thank you for the courtesies shown me. To those I have not seen, I take this means of soliciting your vote on Saturday, July 26.

I would like again to give you some of my background:

I was born and reared in Jones County, and am 45 years of age. I married the former Louise Sosebee, and we have two girls, ages ten and six.

I spent a little over three years in the armed forces during World War II, 19 months overseas. About 14 months of my service in the States was in the Army Postal Service, being in charge of the filing section.

Upon returning from the service, I was associated in the lumber business in Anson as manager and bookkeeper for a period of 10 years. For the past two years I have traveled as a representative of a wholesale lumber firm.

I feel that I am qualified for the office of District Clerk of Jones County, and if elected will devote my entire time to the duties of this office.

W. O. MCGINNIS CANDIDATE FOR District Clerk

- ★ First highway safety program
- ★ Attraction of new industries
- ★ Old age pension increase
- ★ Stiffer narcotic laws
- ★ Better mental hospitals
- ★ Balanced budget—no general sales tax or State income tax
- ★ Protection of State's rights and local self-government

PRICE DANIEL—Liberty lawyer, rancher, publisher, Attorney General of Texas, 1947-53; U.S. Senator, 1953-57; Governor of Texas, 1957-; World War II Veteran; married, 4 children; member of Farm Bureau and REA

For Unity, Progress and Good Government

(Pol. Adv. Paid for by Willard Jones and Other Friends of Price Daniel)

BILL BLAKLEY

Texas like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves.

William A. Blakley is such a man. Of his race for U. S. Senate, the *Port Arthur News* says: "He entered this race by his own decision. He is beholden to nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest . . ."

A vote for Bill Blakley on July 26 is a vote for returning to Washington a man who will truly represent Texas.

BILL BLAKLEY for U.S. SENATE

(Pol. Adv. Paid for by Jim Blundell)

Ronnie Bagley Wins First Prize Money on Sears Swine Entries

Ronnie Bagley, Jones County 4-H Club boy, won first prize money in the heavy litter contest in the Sears swine foundation program of the Abilene area, according to announcement made this week by County Agent Kirby Clayton. Counties in this district are Taylor, Haskell and Jones.

Ronnie's sow produced 11 pigs weighing 442 pounds at 56 days of age to win a first place prize of \$20 in cash from the Sears-Roebuck Foundation.

Will Acee, another Jones County 4-H Club boy, won seventh place in the Abilene store area and received a prize of \$5 cash. Will raised seven pigs weighing 267 pounds at 56 days of age.

Elect Judge Sarah T. **HUGHES**
To Supreme Court

TO THE VOTERS OF JONES COUNTY . . .

I wish to take this opportunity to thank each one for the courtesies shown me during this race.

If you see fit to elect me your District Clerk, I will devote my time to the job and will serve you to the best of my ability.

I have tried to see each of you personally, yet have missed some. Please take this as a solicitation for your vote.

Candidate for

Arden Beasley
CLERK OF DISTRICT COURT

Record Number of Grain Cars Loaded By Santa Fe Lines

Figures just compiled by the Santa Fe Railway's operating department indicate that on June 30 and July 1 this year the Santa Fe loaded a record number of grain cars on its system. The Hamlin area contributed to this all-time high loading.

On June 30, 2,933 cars were loaded on the Santa Fe, over half of which were on the Western Lines in Texas, Kansas, Oklahoma, Colorado and New Mexico. This is an all-time high.

The other two record dates occurred July 8, 1931, when 2,723 cars were loaded, and July 13, 1929, when 2,124 cars originated on the Santa Fe.

The 1958 record days indicate a good supply of cars for grain movement this year, according to Santa Fe officials who said the only grain put on the ground dur-

A Cappella Singers From SWC to Appear At Churches of Christ

The A Cappella Singers from Southwestern Christian College at Terrell will appear at the Hamlin Church of Christ, located at Southwest Avenue A and West Lake Drive, at 7:00 o'clock this (Thursday) evening, it is announced by Austin Siburt, minister of the church. A second appearance will be made at the colored Church of Christ at 8:00 o'clock.

The public is invited to attend the presentations. No admission will be charged and no collection will be taken, Siburt declares.

These singers will present both hymns and spirituals. During the past three years they have traveled quite extensively, covering most of the United States and part of Canada, presenting their program to enthusiastic audiences.

Southwestern Christian College is the only college in the United States that is supported by individual members of the Church of Christ and dedicated to the training of Negro youth in Christian education.

State Fair to Feature Progress in Farming

ASTOUNDING transformation of the Texas farm during one brief generation from a sleepy almanac existence into a dynamic mechanized activity will be the dramatic theme of the State Fair of Texas' 1958 agriculture show in Dallas, October 4 to 19.

"Title of the 1958 farm show will be 'Agricade—A Generation of Farm Progress,'" Ray W. Wilson, state fair's agriculture manager, announced this week.

"The 1958 Agricade will portray the vast changes that have swept through Texas agriculture during the last 33 years, specifically since the industrial awakening after World War I."

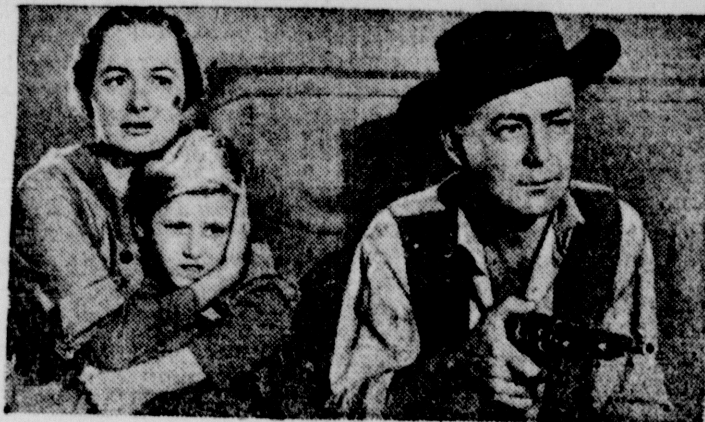

Don't wait for great opportunities. Seize common, everyday ones and make them great.

ing the recent and present harvest was there because of lack of people to handle it or some other factor rather than shortage of freight cars.

David Ladd Follows Famous Father in Movies with Role in "Proud Rebel"

David Ladd, following in the footsteps of his famed father, Alan Ladd, is making his acting debut in Samuel Goldwyn Jr.'s exciting western, "Proud Rebel."

The film marks David's first real

role in a motion picture, and his performance may earn him an Academy Award nomination. The blonde, 11-year-old had previously done a small bit in one of his father's films, but Alan felt that the youngster was ready for a major role and allowed him to try for the part of his son in "Proud Rebel." Thus, real life father and son play father and son in this film of action and suspense.

David plays the part of a deaf mute who loses his voice when his mother is killed in the battle of Atlanta during the Civil War. The proud father makes the decision to sell the boy's valuable sheep dog in order to pay for an operation to restore his speech. The operation fails and, when the boy begins to hate his father for selling the dog, the father becomes involved in a fierce gun battle in an effort to win back the love of his son.

The touching drama plays at both the Ferguson and Drive-In Theatres Wednesday, Thursday and Friday nights.

Sue Carol Ladd, David's mother, who successfully managed Alan to stardom and married him, has this to say about her talented son: "David's our little ham. He's always putting on shows and demanding we watch. Alan helped him learn his part in 'Proud Rebel' and he was indeed a patient and wonderful teacher. But David

does have talent. I've got to admit that I am very proud of my son and my husband."

"Proud Rebel" is directed by the colorful award winning Michael Curtiz. Filmed in technicolor, the

film also stars the beautiful Olivia de Havilland and the dramatic Jean Jagger.

Price of \$5.36 Paid for Milk in Area in June

Uniform base price of \$5.36 per 100 was paid for milk produced in the Central West Texas area for June, according to Byford W. Bain, market administrator. A number of producers are in the territory south of Hamlin.

During June, 1958, there were 551 producers on the Order 82 market compared to 563 during May and 625 during June, 1957. Although there were 84 fewer producers on the market during June this year than during June, 1957, producer receipts were 6.88 per cent greater. Average daily delivery during June this year was 770 pounds compared to 799 pounds during May and 625 pounds during June, 1957.

A skunk is a streamlined cat with a two-tone finish and a fluid drive.—Nora Huber.

HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. Tommy Greenway of Andrews, medical, June 12; D. H. Moyer, medical, July 13; G. L. Price of Roby, surgical, July 13; Mrs. Edna Thomason, medical, July 13; Mrs. John Holden, medical, July 13; Holly Toler, medical, July 14; M. D. Brown of Sylvester, medical, July 14; A. W. Jeffrey of McCauley, medical, July 15; Dr. Joe McCrary, medical, July 15; Mrs. Felix Marentes Jr., ob; July 15; Mrs. Joe Orona, medical, July 15; Spurlon Harris of Sylvester, medical, July 15; Charlie L. Sellers, medical, July 15; Mrs. Eldon Prescott of Aspermont, medical, July 16; Mrs. H. C. Cabness of Sylvester, medical, July 17; Walter Johnson Jr., medical, July 17; B. C. May, medical, July 17; Mrs. Virgil Potter of Sylvester, medical, July 17; Mrs. Johnny Pitcock of Aspermont, medical, July 17; Rita Barina of Sylvester, medical, July 17; Gayle Barina of Sylvester, medical, July 17; Mrs. Charlie Sellers, medical, July 17; Mrs. Gregorio Salazar of Aspermont, ob; July 18; Mrs. G. M. Bond, medical, July 18; and Leon Dickerson of Sylvester, medical, July 19.

Patients Dismissed—T. W. Anderson, July 18; Mrs. Tommy Davis, July 15; Gloria Jenkins, July 15; Mrs. J. T. Jeffrey of Sylvester, July 16; Leonard Meeks, July 19; Hollis Head of Roby, July 14; Oleta Avants, July 16; Revis Caudle of Roby, July 15; Gayle Williamson of Roby, July 15; Mrs. Tommy Greenway of Andrews, July 13; G. Swimming Classes Offered at City Pool

Swimming classes for children and adults will be offered by qualified instructors at the Hamlin swimming pool at the City Park beginning Monday of next week. It is announced this week by Mac Fullerton, manager of the pool.

Beginner classes for diving also will be offered. The pool opens at 2:00 p. m. each afternoon, the manager points out.

There is nothing wrong with the younger generation that the older generation didn't outgrow.

Chrysler—Plymouth—International Dealer

Being a column in which the publisher just "blows off the steam."

By Willard Jones

DR. RUPERT N. RICHARDSON, president emeritus of Hardin-Simmons University, has not lost any of his sparkle and dry humor he has been famous for through the years in West Texas. He spoke last Thursday evening at the H-SU ex-students banquet at Hamlin.

Dr. Richardson told the story of the Bible lecturer who waxed long and boringly about the Bible to a wearying audience. He took up the major prophets and then proceeded to the minor prophets, orated Richardson, who said the lecturer asked:

"Now here is Jeremiah—what shall we do with Jeremiah?"

To which one of the bored listeners suggested: "Let him have my seat—I'm leaving for home!"

SOMETHING INSIDE of all of us acts as a deterrent to many of our actions. Much of the time we pay little attention to the urges of our better selves and go ahead blundering, talking when we should be listening, doing mean little things to others and otherwise making fools of ourselves—living to regret it all.

An unknown author puts some sagely words together like this:

INSIDE OF ME
There is a feller that I know,
Born just about as long ago
As I, and with me bound to grow—
The boy inside of me.

Sometimes I wish he were not there,
For when in games I'm not quite fair,
He says to me, "Stop! Is that Square?"
That boy inside of me!

It really does no good to hide
A thing from him, because I've tried.
And so I'm glad I'm on his side—
That boy inside of me.

TRUETT LATIMER, representative in the lower house at Austin from Taylor County, was among out-of-town attendants last Thursday evening at the gathering of ex-students and friends of Hardin-Simmons University of the Hamlin area at the oil mill guest house. He presided at a portion of the session.

Latimer chided his friend, Jimmy Vaughan, Hamlin High School coach, about the wife his diet was trying to follow. He said that, after Mrs. Vaughan had followed her diet of coconuts and bananas for some time, Jimmy reported:

"My wife is not losing weight on the diet, but she surely is learning to climb trees."

REV. SAM KING, long-time preacher of the Hamlin region, finds plenty of time to look on the jolly side of life—which is good medicine for anyone, he prescribes.

Recently King received from a friend a postcard which carried the reported viewpoints of some monkeys of life. It reads:

Three monkeys sat in a coconut tree discussing things as they are said to be. Said one to the other, "Now listen, you two, there is a certain rumor that can't be true. That man descended from our race: The very idea... it's a dire disgrace; no monkey ever deserted his wife, starved her baby and ruined her life. And you've never known another monkey to leave her babies with others to bunk or pass them on from one to another till they scarcely know who is their mother. And another thing: You'll never see a monkey build a fence round a coconut tree and let the coconuts go to waste, forbidding all other monkeys a taste. Why, if I put a fence around this tree, starvation would force you to steal from me. Here's another thing a monkey won't do: Go out at night and get in a stew, or use a gun or club or knife to take some other monkey's life. Yes, man descended, the ornery cuss, but, brother, he didn't descend from us!"

HAL COCHRAN is responsible for some of the most trite squibs we run onto. Writing in The Fort Worth Press, he recently penned these...

If you want pleasure to come in bunches, plant a nice large garden of flowers.

When you're caught speeding, a cop asks, "Where do you think you are going?" And then he tells you.

When teen-agers stay up late raising Cain, maybe it's just a natural follow-up to their baby days.

MISS WOOL—Miriam LaCour, 19-year-old sophomore at Lamar State College at Beaumont, was crowned Miss Wool of Texas at San Angelo. She will be the Texas entry in the national Miss Wool contest to be held in San Angelo August 24-29. Miss LaCour is shown in her coronation gown—wool, course.

Sorghum Support Price Set at \$1.77

Price support rate for the 1958 grain sorghum crop in Jones County has been set at \$1.77 per 100 for Grade No. 2 or better. County Agricultural Stabilization and Conservation Committee Chairman R. G. Rowell announced this week. The rate for terminal stored grain sorghum can be obtained at the county office.

Support will be carried out through loans and purchase agreements, which will be available from harvest time through January 31, 1959. The loans will mature March 31, 1959. They are non-recourse loans which may be satisfied by delivery of the grain sorghum to the Commodity Credit Corporation.

A change in the grain sorghum support program this year is that terminal support rates for West Coast markets have been discontinued. This has been done, Rowell said, to provide more equitable price support rates among individual producers and also to discourage abnormal movement of sorghum grain to the West Coast, where there is difficulty in finding outlets for the grain.

A Jones County farmer who wishes a loan on terminal stored sorghum grain will normally store his grain at one of the terminal markets in this area for which a support rate has been established. However, if movement of grain sorghums to or toward the West Coast for storage is authorized because of congested conditions, the support price to producers will be the county support rate plus the cost of movement.

The national average support rate for the 1958 grain sorghum crop is \$1.83 per 100 or 70 per cent of parity.

Use of city water in Hamlin will be limited to regular household necessities from Wednesday night through Saturday morning, it is announced this week by Mayor L. H. McBride.

Changes in the location of the big 12-line water main line from Stamford to Hamlin are being made during these days in order to comply with the relocation of the new Stamford-Hamlin highway, so water in the line will be cut off from 10:00 p. m. Wednesday until 10:00 a. m. Saturday.

Cooperation of people of Hamlin in observing the non-use of water for irrigation during this period is urged, so that the city will have sufficient water for household use while the Stamford line is out of service.

Increased Costs of Postage to Become Effective Next Friday Over Nation

Another pinch in the cost of living—and mailing—will be felt Friday of next week by people of the Hamlin territory and the rest of the nation, when postage rates will be raised on August 1.

Although the increases will affect several classes of mail, most patrons will be primarily concerned with first class mail postal rates. Post and postal cards will be increased from two to three cents. First class letters will now go for four cents per ounce instead of the traditional three cents.

Air mail post and postal cards will require five cents postage each instead of four. All other first class air mail will go for seven cents instead of six.

Circulars, printed matter and merchandise will be increased from two to three cents for the first two ounces. Pieces of odd shape or size will carry a 1½-cent

Upped Allowable For Oil in August Good News to Area

Royalty owners and property owners in the Hamlin territory found some encouragement in the increase of 328,185 barrels a day in the August oil allowable which was ordered last week-end by the Texas Railroad Commission, based on an 11-day producing pattern.

The state-wide allowable was set at 2,978,085 barrels a day.

This was the third consecutive monthly boost in permissive production in Texas. It was ordered because the oil regulatory commission found that stocks had been reduced to a desirable working level from the excess accumulated earlier in the year.

There was no mention of the Mid-East crisis during the monthly state-wide proration hearing at Austin.

All but four of the 13 major crude buying companies, making nominations to the commission asked for at least 11 days of production. One company went as high as 14 days in its request.

Jake Hamon, Dallas independent producer, speaking for a group of Dallas operators, told the commission, "We are apparently on the threshold of great improvement in the industry."

Only other independent speaking was James Lauderdale of Abilene, representing the West Central Texas Oil and Gas Association. He said there appeared to be a strengthening in demand for oil, but warned the commission to be cautious in not setting production so high that companies would go back to purchaser proration.

Limited Number of Under-Age Children May Enter School

Possibly a limited number of under-six-year-old children will be accepted for entrance in Hamlin Primary School, it is announced this week by Superintendent of Schools C. F. Cook.

At this date the administration and school board do not know just how many first grade students will start to school this September. Therefore, they are requesting those who desire children not old enough to start to school but will be six years old before January, 1959, to attend the Hamlin school next year to notify the superintendent of such desires.

"If we have room for these children, it is possible that we will take unders," Cook said.

MENAGERIE BUSINESS IS GROWING up at the Jack Russell place in Northwest Hamlin. During the past several weeks the rural route carrier and his children have been plying the trade of catching young wildlife with a butterfly net along the roads of the route out of Hamlin. They have caught rabbits, ground squirrels, field mice and even a baby skunk. A grown cottontail rabbit surprisingly increased her family the other night—so business is booming, declares Mrs. Russell skeptically. Denise, four, and Wanda Kay, six, are shown above on each side of Marshall Wayne Bradford, nine as they hold some of the animals.

Little League Team Blanks Merkel 16-0 to Enter Region

Road Contracts in Lueders Area Go to Austin Contractor

Contract for the construction of 13.713 miles of construction of grading, structures, base and surfacing on farm-to-market roads 600 and 1193 in Shackelford, Jones and Taylor Counties was awarded in Austin this week.

The firm of Austin Bridge Company of Dallas submitted the low bid of \$258,863.02 on the projects which run from 7.0 miles north of Lueders north and west to the Jones County line; from Shackelford County line west to FM Road 142; from FM Road 1082 south to the Taylor County line and from Jones County line south to U. S. Highway 80.

Resident Engineer A. L. McKee of Anson will be in charge of the projects for the State Highway Department.

EVANGELIST for a series of revival services at the Faith Methodist Church beginning tomorrow (Friday) evening will be the new pastor, Rev. Gene Moore (above). The services, which will be at 8:00 each evening, will continue through Sunday August 3.

All-Stars to Meet Abilene Crew at Snyder Thursday

Hamlin's all-star Little League baseball group played jam-up ball Tuesday night and clouted the Merkel delegation soundly to the score of 16 to 0 to take the second round of district play-off. The game was played on the Hamlin diamond before a rousing crowd of boosters for both teams estimated at 600 to 800 people.

The victory made the Hamlin aggregation coached by R. L. McClung and Mac Fullerton eligible to play in the area-wide meet at Snyder Thursday night. The boys will meet a crew from Abilene.

Merkel had defeated the lads from Rotan Monday night by a score of 6 to 0.

Stars of the Tuesday night tilt were Jimmy Inzer, third baseman for Hamlin, who got four hits out of four trips to bat, including a home run; and Dan Newberry.

See LITTLE LEAGUE—Page 3

Hamlin Area Swelters In Over-100 Weather

Hamlin area has sweltered under a beaming summer sun for several days, with only an occasional let-up in the above-100 degree readings in mid-afternoon.

Readings at the Santa Fe depot at 4:30 p. m. for the past week show temperatures above the century mark for five of the past seven days.

Reading were: July 16, 102 degrees; July 17, 104; July 18, 104; July 19, 106; July 20, 98; July 21, 98; July 22, 106.

New Pastor to Preach In Faith Church Meet

New pastor of the Faith Methodist Church, 500 Northwest Avenue E, Rev. Gene Moore, will do the preaching in a series of revival services beginning tomorrow (Friday) evening. The services will continue each evening at 8:00 through Sunday, August 3.

Special music will be provided at each service under direction of Mrs. Moore, who is talented musician as is her husband.

An invitation for the public to attend all the services is extended by members of the congregation.

State Races Hold Chief Interest for Voters of Region

As actual voting time approached this week, an otherwise quiet election campaign has engendered a little more than passing interest in the Hamlin section, and a fair turn-out of voters is expected to participate in the balloting Saturday, according to reaction of voters approached at mid-week by Herald representatives.

The governor, lieutenant governor and commissioner of agriculture races are holding top interest on the state level. Also the race for U. S. Senator between Ralph Yarborough and William Blakley holds top spot in the interest of others.

On the district level, the race for state senator from the 24th District is in major position. Robert Patterson of Snyder is seeking the place held by David Ratliff of Stamford. Race between Mike Vash of Stamford and Leon Thurman of Anson also is vital to area residents as they seek the post of state representatives from the 85th District which is being vacated by Moyne Kelly of Afton.

On the county level there are two contested races. W. C. Thompson, Gene Spurgin Jr. and Roy Thorn are seeking the county clerk post now held by Spurgin. W. L. McGinnis, W. L. (Pochoy) McDonald and Arden Beasley are in the race for district clerk, now held by Leno Thuman.

No precinct races are involved for the Hamlin section.

Voters of West Hamlin will vote at the high school business office, according to Lennie Greenway, election judge. Voters of the east side will vote at the city hall, where Tom Routh will preside.

See ELECTION—Page 3

Rides to Polls Offered Voters by Lions Club

Voters of the Hamlin community who do not have transportation to and from the voting boxes in the primary election Saturday will be provided free auto transportation by members of the Hamlin Lions Club, it was announced Tuesday by Stan Sheppard, president of the civic group.

Voters desiring the transportation are asked to telephone 698, and cars will be dispatched to the homes of the voters. The cars will wait for the persons to vote, then return them home.

Week of Free Living Winner to Be Named

After four weeks of registering at the Hamlin Piggy Wiggly store, winner of a month's "free living" valued at \$370 will be determined Saturday evening at 6:30 in a drawing at the store.

Owner Edgar Duncan explains that the winner does not have to be present to win. Visitors to the store may continue to register up to the drawing time. The award consists of various amounts being given for such items as food, rent, baby sitting, movies, etc. for the winning person.

Two new citizens have been reported at Hamlin the Memorial Hospital since last week's report in The Herald. A boy and a girl, they are:

A girl arrived for Mr. and Mrs. Felix Marentes Jr. on July 16, at 5:15 p. m. Weighing six pounds eight and one-half ounces, she has been named Margarita.

A boy was born to Mr. and Mrs. Gregorio Salazar on July 18 at 8:06 a. m. After having his weight checked at seven pounds nine ounces, he accepted the label Gregorio Jr.

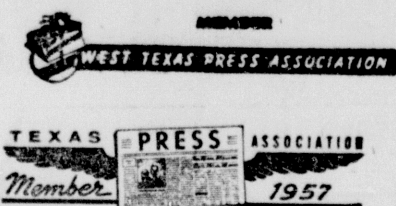

A THRILLING SCENE from "Wine of Morning," the celebrated first century Bible film that will be shown this (Thursday) evening at 7:00 o'clock at the Hamlin Church of the Nazarene, is shown in the picture above. The beautiful color film provides two hours of educational entertainment. It is a fanciful dramatization of the life of Barabbas, the man whom Pilate released at the demand of the mob and on whose cross Jesus Christ was crucified. The public is invited to see the film. A free will offering will be taken at the conclusion.

DEVELOPING A COMMON SENSE FARM PROGRAM

The cost of the government's farm program continues to soar into economic outer space. A year alone the bill was \$3,300,000,000. Government controls and price fixing have hurt farmers more than they have helped. That is the view of John L. Strohm, a farmer, businessman and one of the country's leading farm editors. In a recently published pamphlet, he argues that the controls and other programs have made surpluses inevitable, have placed a ceiling on opportunity, have shackled farm progress and reduced efficiency and amount to a waste of important resources—human, financial and mechanical. He also points out that price supports have been of extremely minor benefits to the small farmer.

Then Strohm presents what he terms a common sense farm program. It has seven points. In capsule form, here they are:

1. Quit trying to fix farm prices.
2. Free farmers gradually from controls.
3. Get rid of surpluses gradually.
4. Promote markets abroad.
5. Expand markets at home.
6. Develop new crops and new uses.
7. Help small farmers help themselves.

Strohm thinks that farmers will support such a program because they will be free to farm more efficiently and make more money; that housewives will support it because they will be able to serve better meals at less cost; and

The Laughing Place

Isn't the only true "can't" we now of is this: "You just can't predict what can't be done." A newspaper once thought it could, and in 1876 editorialized thusly: "Well informed people know that it is impossible to transmit the human voice over wires... and that, were it possible to do so, the thing would be of no practical use or value."

A famous mathematician, too, "proved" that it would be impossible to fly a heavier-than-air craft, and people refused to believe that the Wright brothers had done it.

To ridicule the theory of "it can't be done" a large manufacturer not long ago posted the following placard where all the workers might see it:

According to the theory of aerodynamics the bumblebee is unable to fly. This is because the size, weight and shape of his body in relation to the total wingspread make flying impossible. But the bumblebee, being ignorant of these scientific truths, goes ahead and flies anyway!

After thinking it over, we have decided there must be a very special laughing place where all the people who have done what could not be done go to do their laughing. Such men as Christopher Columbus, Jules Verne, Alexander Graham Bell, Thomas Edison and Wilbur Wright must have an especially good time laughing over the impossibilities, particularly over that little item about the telephone never being of any particular use or value.

Farmers Still Are Vital

Farmers are steadily decreasing in numbers, but their importance to business has not diminished.

They are still the biggest customers business has. They buy 6,600,000 tons of steel annually. This is more than the entire auto industry uses in a year. In addition they spent \$3,000,000,000 for the maintenance and operation of farm machinery and other vehicles, which use some 17,500,000,000 gallons of gasoline and oil.

The combined spending of the 4,700,000 farmers of the nation in 1956 was greater than the retail sales of Philadelphia, Chicago, Detroit and Los Angeles combined.

The amount of capital the farmer has to invest per man is greater than that which industry must invest per worker. Livestock farmers have an average investment of \$37,862 per man. This is almost three times as much

that, finally, taxpayers will support it because it will mean a tax saving of about \$75 a year for the average family.

Government's efforts on behalf of agriculture add up to one of the most expensive flops in history. It is high time we tried an entirely new tack.

To be sure, as we consider a hands-off policy of government as far as agriculture is concerned, we must remember that most of the government controls have been brought on by the farmers themselves. They called for help when prices were low and the cost of farming was increasing. They voted by majority for acreage controls, which was a plan of straight thinking men to help control overproduction.

Taking the props of supports from under farm product price abruptly would bankrupt many farmers, because prices on commodities such as wheat and cotton, which are in huge surplus hoards, would drop to new low levels. The farmer needs to think things through to the point of cutting the production of commodities that are in long supply. Oddly enough, many farmers in this territory actually want to be turned loose on acreages and price supports, believing that the price of cotton would remain above 30 cents per pound. No doubt, if government supports were taken away abruptly, the price of cotton would go to 10 cents a pound or less.

Spending Our Time

The story is told of a man who had a canary which sang sweetly. When summer came the man thought it was a pity to keep the canary indoors in its safe and accustomed surroundings, so he decided to hang its cage out in a tree in his yard.

Now, it happened that this tree was frequented by sparrows in great numbers. Before long the canary's song lost much of its sweetness and by the end of summer it could not sing like a canary any more at all. All it could do was twitter, twitter, twitter, like an English sparrow. It had spent the summer in bad company and it had become like them, losing its finest gift.

With more free time on our hands, it is well for us to think about how we can best spend it. There are ever so many interesting and worthwhile things to do. To be busy with interesting things is the best way to keep out of bad company during vacation or leisure time. By doing this we will not only be keeping what is fine and good in our make-up but we will be growing in character. The song of our lives will not then have deteriorated to a mere twitter, twitter.

In Touch and in Tune

In this day of TV popularity many a radio has been neglected and allowed to remain in a state of disrepair. Day by day in the regular routine, television and newspaper coverage seems to be inadequate. Then one day a hurricane threatens. Storm warnings indicate that we or our loved ones are in the path of danger. Suddenly we feel the need of closer contact, more continuous communication with someone who can tell us what to expect and how to prepare for it. But the radio won't work!

How typical of prayer in the lives of many Christians. Pre-occupied with religious activity and satisfied with once-a-week contact with some church, they abuse and neglect the "radio of prayer," the direct line to God. When crisis comes and the storm warnings begin, they frantically turn the dials, but they cannot hear God's voice; they don't know how to find him.

Of such as they God says "Because I have called and ye refused... then shall they call upon me, but I will not answer." But to those who keep in touch and in tune he says, "Who-so hearkeneth unto me shall dwell safely, and shall be quiet from fear of evil."—Sybil Town-

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated July 27, 1928:

Mr. and Mrs. M. Y. Wilson left Wednesday for Corsicana to visit relatives and friends a few days.

Mrs. W. Hyde, wife of Dr. W. Hyde of Crowley, Louisiana, came last Friday to visit her parents, Dr. and Mrs. H. D. Pardue, and her sister, Mrs. W. A. Albritton.

Superintendent C. G. Green and wife left last Sunday for Austin, where Mr. Green will do special study at the University of Texas.

The Cranfill-Reynolds-Tarleton Willingham No. 1 well west of Hamlin was declared a producer this week at 3,097 feet. It was standing 2,000 feet in oil Thursday afternoon.

Fannie Pearl Magee returned last week from Dallas, where she had been to look at the latest ladies' styles. She also visited at Tyler.

L. F. Fannin, foreman of the Pastura section of the Orient Railway, is taking his vacation. He and his family left Tuesday for Glenrose.

TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated July 22, 1938:

Mr. and Mrs. Ross Fomby and Mr. and Mrs. R. A. Riddle returned Monday from a vacation trip into the mountains, going as far as Boulder Dam and back by Ruidoso, New Mexico.

City Marshal Jack Miles and family returned Friday from a trip to his old home in Kentucky.

Mr. and Mrs. McClelland, Mrs. Don Douglas, Mrs. Juanita Myers and son, Charles, of Dallas came this week to visit Mr. and Mrs. W. R. Wilkerson, Mr. and Mrs. J. C. Greenway, Mr. and Mrs. A. F. Dixon and other relatives.

Hamlin territory received good rains over the week-end that give new hope for fine crops in the area. Rainfall in some sections amounted to several inches.

Elsie Wienke spent the past week-end in El Reno, Oklahoma, visiting her sister, Mrs. J. G. Pope. She was accompanied by her parents, Mr. and Mrs. Wienke of Old Glory.

TEN YEARS AGO.

From the issue of The Hamlin Herald dated July 30, 1948, the following news briefs of 10 years ago are reprinted:

Drilling rig has been moved in on the Hollis Mad'en place, two miles southwest of Neinda. The oil wildcat is scheduled for 3,500 feet with rotary equipment.

George Bingham and Bill Bellah enlisted Monday in the Army.

Beauford Jester was elected governor of Texas, and Allan Shivers was named lieutenant governor by voters of the state in balloting Saturday that was heavier than usual.

Maxine Beasley, 23-year-old divorcee of Hamlin, is in a San Angelo jail in default of \$1,000 bond set after she was charged with obtaining \$300 under false pretenses from L. T. Malone of Phoenix, Arizona.

FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated July 31, 1953:

First load of 1953 maize was brought in to town Tuesday by Mose Jones, who lives east of town. He sold the grain to McBride & Johnson.

Hamlin Rotary and Lions Clubs are sponsoring a financial drive for funds for diabetes sufferers. Max Bentley of Abilene spearheaded the campaign here at regular meetings of the civic clubs.

Mr. and Mrs. Donley Williams are vacationing in New Mexico this week.

Many area ranchers are scheduled to participate in the distributions of emergency feed in cooperation with government agencies.

ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated July 25, 1957:

God's progress is being made on the new \$40,000 school building at McCauley, reports Superintendent T. E. Green. The structure will be ready for the start of school on September 2.

New east wing addition to the Hamlin Memorial Hospital is being occupied by the staff this week. Some "winding up" work will continue in the \$60,000 wing.

Increased Auto Insurance Rates Are Result of High Claims, Public Advised

Automobile owners of Hamlin area and the rest of Texas were this week contemplating with concern the increased automobile insurance rates that on August 1 will make their costs increase almost one-fifth.

The State Board of Insurance, through local agents, issued the following statement:

Automobile insurance rates for Texas will be raised effective August 1, 1958. These increases result directly from an increasing number of automobile collisions, higher costs of repairs, larger medical costs and higher jury awards in actions for damages.

Average rate increase, statewide for all classes combined, will be approximately 19 per cent for liability insurance and approximately for collision insurance on private passenger cars. It is emphasized that these percentages are only the average increases, are based on Texas experience alone, and will vary widely among the different rating territories of the state and among the different classes of insureds. The State Board of Insurance, as required by law, has set these rates after a public hearing in Austin on June 20, and after careful study of statistics collected on automobile losses in Texas.

After these increases become effective, liability rates in Texas still will be below the majority of other states, and Texas will have the lowest rate among the eight states having the largest number of registered motor vehicles. The increase in rates is necessary be-

cause of the highest underwriting costs in history. Over the nation leading stock automobile insurance companies last year paid out \$116 for every \$100 received in policy premiums.

Judge Penn J. Jackson, chairman of the State Board of Insurance, said, "We cannot expect the automobile insurance companies to continue tremendous underwriting losses they have sustained during the past several years. These new rates, however, are designed to enable insurance companies to meet future automobile claims only and will not permit the companies to recover their past excessive losses."

"The driving public must realize that neither the State Board of Insurance nor the insurance companies determine automobile insurance rates. Instead, the drivers themselves determine what the rates are going to be from year to year. Rates drop when accident costs decrease; rates must rise when accident costs increase."

VISIT IN NORTHWEST.

Mr. and Mrs. Joe Hudspeth and children left last week for a two-week visit with relatives and friends in the Northwest. They were to visit friends at Seattle, Washington, where Joe was to join a fishing party into Canada, where the men were to remain a week.

GO TO WEST COAST.

Mr. and Mrs. Charles Lovell and two daughters, Rose Marie and Mary Alice, left Tuesday for a visit with relatives on the West Coast. They will visit several scenic and other points of interest to and from San Francisco, California. They will be gone about 15 days.

Two Operations
In Area Spotlight
Weak Oil Activity

Oil activity in the Hamlin region, like that in the rest of the section in recent weeks, has been minimal. Two operations have highlighted operations.

Casing has been run for completion in the Tannehill Sand at a southeast Stonewall County wildcat nine miles northeast of Hamlin. It is Fox & Ransdell of Abilene, No. 1-121 Swenson Land & Cattle Company, located in Section 2, B. B. & C. Railway Company Survey. The 5 1/2-inch casing was set at 2,600 feet and the hole was cemented at 3,245 feet. One drill-bit test was taken, it being at 28-45 feet in the Tannehill. With the tool open for 67 minutes, gas surfaced in eight minutes and oil flowed in 55 minutes.

Geochemical Surveys et al of Abilene staked its No. 3 A. S. Brown as a 4,100-foot rotary project three and one-half miles northeast of Royston in the Round Top Field. Site is 3.162 feet from the north and 1,660 feet from the west lines of Section 8, Block R, W. E. Richardson Survey.

Attendance at City's
Sunday Schools Up
Again, Reports Show

Sunday School attendance in churches of Hamlin made further gains Sunday to reach almost normal proportions, a check of the records by The Herald reveals. The 1,210 total was 32 more than the previous week but was 12 below the total for a year ago.

Attendance, by churches, for July 20, July 13 and a year ago follows:

Churches	July 20	July 13	Year Ago
No. Cen. Baptist	59	64	82
First Baptist	335	351	360
Oak Gr. Col. Baptist	80	77	65
Mexican Baptist	32	44	43

LITTLE LEAGUE

(concluded from page one)

pitcher for the locals, who allowed only one hit to Merkel and struck out 15 batters.

The all-star team, picked from the four member teams of the Hamlin Little League that recently completed its season, pelted three pitchers from Merkel, getting 18 hits during the six-inning fracas.

The Merkel team got only one hit during the game, but put a man on third base three times during the game.

Fisher, first pitcher for Merkel, gave up five hits and six runs in the first inning before being relieved.

Cut in Per Capita Not To Hurt Schools Here

Hamlin Independent School District will not materially be affected by the state per capita school allotment cut to \$75 from last year's \$82, it is announced by Superintendent of Schools C. F. Cook.

While the per capita apportionment will be trimmed \$7, Hamlin schools will receive additional aid for transportation and teacher pay assistance during the coming school year, Cook says, the two being just about offset.

Plans for Three-County HDC Camp at Lueders Made at Meeting of Council

Eleven clubs were presented by 19 members and three visitors when the Jones County Home Demonstration Club Council met July 16 at 2:30 p. m. in the agent's office in Anson.

Roll was called, visitors recognized and welcomed, after which the minutes were read by Mrs. Howard Roberts, council secretary. Club reports were given, telling the many interesting activities carried on the past month.

The council will not meet in August, it was announced.

All clubs are urged to enter in the West Texas Fair, to be held in Abilene in the fall. If a club wishes to have a display, they should let Mrs. Wayne Hendrix know in time that she can notify Loretta Allen by August 1.

Baby's Routine Clue To Good Beauty Care

Baby's daily routine which results in that fresh and dewy look contains a helpful beauty tip for any mother.

Have you noticed the difference in your baby's complexion when he is sleepy, doesn't feel well or hasn't been eating right? His skin becomes blotchy, his eyes dull and watery. But after a restful bath or nap, his skin has a fresh pink-and-white bloom.

So, too, do you reflect the need for plenty of sleep, proper diet, outdoor exercise and good complexion care.

Just as babies thrive on sleep, regular hours and meals, so will their mothers.

Make an experiment of it. Try giving yourself the same kind of care you give your baby. You'll soon reflect that cherished glow.

How to liven up a lunch box

Meat—cheese—egg—almost any kind of sandwich tastes new and wonderful when you use Miracle Sandwich Spread. It's made by KRAFT.

Miracle Sandwich Spread

Each club that participates will receive \$15 provided they are not first, second or third class winners.

The nominating committee for council officers was elected with Mrs. Maxey Harvey, Mrs. W. C. Glazner and Mrs. I. B. Ray being selected. Mrs. Glazner will serve as chairman.

The three-county camp, composed of members from Fisher, Haskell and Jones Counties, will be held at Lueders Thursday and Friday, July 24 and 25. Meals and insurance will be \$2.50, with 25 cents for registration fee.

Activities begin Thursday at 2:00 p. m., with Fisher County registering until 3:00. Crafts, with Jones County in charge, will be from 3:00 to 5:00. Mrs. Harry Holt from the Hobby Shop in Abilene will bring a number of crafts to choose from.

From 4:30 to 5:30 is swim time, with 5:30 to 6:00 free time; supper served at 6:00 to 7:00, followed by general assembly in the tabernacle from 7:00 to 8:00, from 8:00 to 9:00 will be a program and from 9:00 to 10:00 recreation, then vesper services at 10:00 by Fisher County. Refreshments will then be served, each club to bring cookies, and drinks will be purchased at the concession stand.

Friday morning breakfast will be served from 7:00 to 8:00; sing-song 8:00 to 8:30; and another swim from 8:30 till 9:00. Crafts will be finished from 9:00 to 10:00, followed by recreation from 10:00 to 10:45. Business meeting will be held from 10:45 to 11:45, with 15 minutes for free time before lunch is served from 12:00 to 1:00 o'clock. After lunch it will be time to go home, with everyone tired but having had a good time and looking forward to another year.

Mrs. Noel Weaver of Jones County will be camp chairman this year. Mrs. Weaver is a member of the Good Neighbor Club.

FISHING WAS GOOD.

Mr. and Mrs. W. B. Cotten returned over the week-end from a trip to Glenwood Springs and Lake City, Colorado. They reported that trout fishing was good in that area.

VISITORS FROM TULSA.

Mrs. Paul Behning and daughter, Patty, of Tulsa, Oklahoma, were visitors last week with her parents, Mr. and Mrs. O. T. Hennington.

RETURN FROM FLORIDA.

Mr. and Mrs. Ed Croan and daughter, Donna, returned Sunday from a two-week vacation spent with Mrs. Croan's parents, Mr. and Mrs. Frank Proctor, at Ocala, Florida.

ATTENDS WEDDING.

Mrs. Clarence Bailey attended the wedding last Friday of Melton Bailey of Fort Worth, a grandson. The wedding was in a Fort Worth Church of Christ.

FRANK BAYOUTH UP.

Frank Bayouth, Hamlin dry goods merchant, is much improved following recent surgery in a Dallas hospital. He was able to be at the store first of the week after several weeks' absence.

Peaches, Ice Cream And Vegetables on July Plentiful Listing

July is peach and ice cream time.

However, in the past few years there has been a scarcity of good peaches to go with our plentiful supply of ice cream, says the U.S. Department of Agriculture.

Good news this year is that the largest peach crop since 1947 will move to market in July to team up with ice cream. This is why these foods are featured items on the July plentiful foods list.

The forecast of the 1958 peach crop in the nine Southern states, which produce the bulk of the nation's early peaches, is 44 per cent larger than the 1957 production, and also 53 per cent above the 1947-56 average.

Other foods considered in plentiful enough supply to rats spots on the July plentiful list are fresh and processed lemons, watermelons, potatoes, summer vegetables and vegetable fats and oils.

Among the summer vegetables expected to be in good supply are such items as sweet corn, tomatoes, cabbage, green beans, lettuce, cucumbers, green peppers and onions.

USDA determines what foods are plentiful every month by a survey of the major food suppliers in this area.

VISIT FROM LUBBOCK.

Mr. and Mrs. Robert Gray and children of Lubbock visited with his uncle and aunt, Mr. and Mrs. Bonnie Bingham. Mr. and Mrs. George Bingham and Denise, also of Lubbock are visiting in their parents' home.

VISIT IN MAY HOME.

Visitors in the home of Mr. and Mrs. Tate May the past week were Mrs. Wayne B. Baker and daughter, Janice, of San Angelo. Mrs. Baker is Mrs. May's niece.

ATTENDS WEDDING.

Mrs. Clarence Bailey attended the wedding last Friday of Melton Bailey of Fort Worth, a grandson. The wedding was in a Fort Worth Church of Christ.

FRANK BAYOUTH UP.

Frank Bayouth, Hamlin dry goods merchant, is much improved following recent surgery in a Dallas hospital. He was able to be at the store first of the week after several weeks' absence.

THESE WOMEN!

By J. Alessio

"Come on—let's get finished here! You wash, I'll dry!"

Tips on Getting Better Photographs Offered by Professional Specialists

Why not put your best face forward to the camera next time you have your picture taken?

You can get a real glamor-puss portrait of yourself easily by using a few of the tricks employed by professional models. You don't need all of the facilities of a Hollywood make-up studio either. Just the basic every day essentials—rouge, pancake make-up, lipstick, vaseline, mascara, cleansing tissues—will do nicely.

Here are some practical suggestions from Patricia Stevens, head of the nationally known model schools:

First, tuck cleansing tissues around the neckline of your dress to protect it from cosmetic stains and smears.

Select pancake make-up one or more shades darker than you usually use and apply evenly to give your skin a mat-like finish and to conceal minor flaws and blemishes. Powdering over the pancake is not necessary unless you wish to darken specific areas of your face.

Use rouge only to minimize certain of your features. For example, rouging a sagging chin will make it less noticeable in the photograph. A light touch of

rouge on each side of a too-wide nose will make it appear slender. You can slim down a full face by patting rouge along your cheeks and jaw lines.

Choose a dark shade of lipstick and apply with a lip brush. Don't try to change the line of your lips, for you want the photograph to look like you—at your best. A thin coat of vaseline over your lipstick gives a moist, alluring gloss.

A touch of mascara will accent your eyes.

There are a few simple don'ts also:

Fancy, extreme hairdos will date the picture. Keep yours as simple as possible.

Relax. Don't "freeze" before the camera. And don't stare intently at a fixed object. Think of smiling with your eyes. You can accent the pretty lines of your mouth by holding your lips apart slightly.

Avoid over-dressing. A simple costume with a touch of white at the neck photographs best. Or a dark dress touched up with a

Baptist Women Elect Officers for Coming Year at Monday Meet

Members of the Woman's Missionary Society of the First Baptist Church met Monday for a missionary program and for election of officers.

The missionary program was led by Mrs. Edgar Duncan. Her subject was "An Ancient Door." The countries of Lebanon, Jordan, Nigeria, Egypt and Indonesia were discussed by Mrs. LaFoy Patterson, Mrs. Nell Laminack, Mrs. Carl Young, Mrs. A. H. Trotter and Mrs. Tate May.

Officers elected for the 1958-59 year, which begins October 1, are as follows: Mrs. L. E. Prewitt, president; Mrs. Clyde Grace, program vice president; Mrs. L. R. Fowler, enlistment vice president; Mrs. Sigmund Stovall, secretary; Mrs. Aaron Wells, treasurer; Mrs. Johnnie Agnew, pianist; Mrs. Clyde Lewis, chorister; Mmes. Vernon Sharer, S. C. Ferguson Sr., I. D. Miller, A. Spencer and Herman Sharer, circle chairmen.

Directors for young people's organizations: Mrs. Kenneth Riddle, Young Woman's Auxiliary; Mrs. A. H. Trotter, Girls' Auxiliary; Mrs. Bill Shira, Sunbeams.

Committee Chairmen—Mrs. L. B. Shelburne, mission study; Mrs. Nell Laminack, prayer; Mrs. Edgar Duncan, community missions; Mrs. Aaron Wells, stewardship; Mrs. Bill Harbert, publications; Mrs. W. G. Ferguson, publicity; Mrs. C. R. Lovell, social.

Members of the Bonnie McBride Circle of the Woman's Society of Christian Service of the First Methodist Church met Tuesday morning in the home of Mrs. Howard Mehaffey. Mrs. James E. Ballard presented the program.

Those present were Mmes. Edmund Robb, Parker Kelley, Jack Vaughan, Mac Fullerton, James E. Ballard, L. C. Bonds, Howard Mehaffey, Phil Smith, and William Fairbetter.

Mrs. Mac Fullerton will be hostess for the August meeting.

Methodist Women In Program Monday

Members of the Bonnie McBride Circle of the Woman's Society of Christian Service of the First Methodist Church met Tuesday morning in the home of Mrs. Howard Mehaffey. Mrs. James E. Ballard presented the program.

Those present were Mmes. Edmund Robb, Parker Kelley, Jack Vaughan, Mac Fullerton, James E. Ballard, L. C. Bonds, Howard Mehaffey, Phil Smith, and William Fairbetter.

Mrs. Mac Fullerton will be hostess for the August meeting.

Those present were Mmes. Edmund Robb, Parker Kelley, Jack Vaughan, Mac Fullerton, James E. Ballard, L. C. Bonds, Howard Mehaffey, Phil Smith, and William Fairbetter.

Mrs. Mac Fullerton will be hostess for the August meeting.

Members of the Bonnie McBride Circle of the Woman's Society of Christian Service of the First Methodist Church met Tuesday morning in the home of Mrs. Howard Mehaffey. Mrs. James E. Ballard presented the program.

Those present were Mmes. Edmund Robb, Parker Kelley, Jack Vaughan, Mac Fullerton, James E. Ballard, L. C. Bonds, Howard Mehaffey, Phil Smith, and William Fairbetter.

Mrs. Mac Fullerton will be hostess for the August meeting.

Patricia Bennett of Abilene, Bride-Elect, Honored at Gift Tea

Patricia Bennett, bride-elect of Weldon Crowley, both of Abilene, was honored at a gift tea in the home of Mrs. L. H. McBride last Thursday evening.

Receiving was Mrs. McBride, who presented the honoree; her mother, Mrs. Gordon R. Bennett of Abilene; and Mrs. Charles Holder of Westfield, New Jersey.

A white madiera cloth covered the tea table. A footed crystal epergne held pink and white carnations with white "rain" cascading over them. Crystal candelabra held pink tapers and other appointments were of crystal and silver.

Eleanor Gay Temple and Mrs. W. H. Gilbert of Abilene presided at the tea table.

Hostesses for the occasion were Mrs. McBride, Mrs. Ira Parker, Mrs. W. B. Rountree, Mrs. W. T. Johnson, Mrs. Willard Maberry, Mrs. Carl T. Murrell, Mrs. M. T. Hudson, Mrs. Buren Carlton and Mrs. Brad Rowland.

E. W. Anderson Feted At Farewell Party in Whitfield Rotan Home

Telephone friends honored E. W. (Andy) Anderson with a farewell party last Tuesday in the J. M. Whitfield home at Roby, where a covered dish meal was enjoyed by all in attendance.

Games of forty-two were played throughout the evening. Anderson was present a belt and rod end reel as going-away gifts from the group. Prior to the gift presentation a poem composed by Mrs. Everett Gibson and dedicated to Anderson was read.

Guests registration was in a telephone scrapbook compiled from accounts of Anderson's activities and experiences during his residence at Hamlin. Friend attended from Hamlin, Roby and Rotan. The evening's entertainment was concluded with watermelon.

Anderson has been local wife chief for Southwestern Bell Telephone Company the past three and one-half years. He has been transferred to Abilene as installation foreman.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin—Focus of interest in this week is not on the state capital.

It's all over Texas in a school building or a fire station or a church house—wherever a man stands in a little pasteboard booth with a piece of paper and a blunt pencil.

In the booth is a man who looks like an average, unimportant sort of guy. Chances are he's not very rich, not very interested in politics, as a rule. But John Q. Poll-Tax-Payer is the most important man in Texas this week. With a few strokes of his pencil Saturday he'll decide who will be who in Texas for the next two years or more.

When John Q. glances down the ballot he may see a number of names he's never heard of. He'll pause, scratch his head, wonder which name "sounds best," finally shrug, make a mark and go on.

Such a possibility gives office seekers the cold shakes. For fear their names may yet be unknown to some, they will try to be everywhere at once this week.

In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct convention. Governor Price Daniel, supported by moderate conservative party officials, is asking him to come and vote for "majority rule."

Opposing the governor are the liberal Democrats of Texas who want John to join their drive to assure that "only real Democrats shall participate in Democratic party affairs."

Nobody can positively predict what John will do. Past records show that some years he feels liberal; some years, conservative. And some years, both ways at the same time.

Oil Quota Up Again.—Texas oil allowable for August will be 328,185 barrels a day more than for July—a hopeful sign for an industry that has been "in the dumps" for more than a year.

Texas Railroad Commission set next month's allowable at 2,978,058 barrels daily. Number of producing days will be increased from nine to 11. Last month production

rose from its all time low of eight days.

Reason for the increase was not so much the disturbance in the oil producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels.

Insurance Board Upheld.—State Insurance Board finally scored a technical knock-out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the insurance board.

The board had appointed C. H. Langdeau as the state liquidator. Judge Betts said he did not regard Langdeau as acceptable. He then named Taylor receiver for cases in his court.

The Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and the insurance department over insurance company liquidation has been a source of dissension for years.

Fifty-Fifty Plan.—State Highway Department will reimburse cities and counties half the court costs of securing land for state and U. S. highway building.

Up until last year costs of obtaining right-of-way were borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost 50-50 with cities and counties.

At first this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to include half the court costs and appraisers' fees.

More Prison Cotton.—An increase of 10.88 per cent has been ordered in the Texas prison system's cotton acreage allotment.

Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger-than-average cut. Less production means less money for operating the prisons, they pointed out, and, hence, greater cost to Texas taxpayers.

On their behalf the Texas attorney general's department appealed to the Agricultural Stabilization Committee and, finally, to federal court.

Adjustment obtained will mean 384 more acres of prison cotton can be harvested. It will save \$100,000 in tax money, prison officials estimate.

City Tax Proposals.—City officials are laying plans to ask the next Legislature to extend and adjust city taxing powers.

Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.
2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

School Fund Fight.—A rough-and-tumble time can be expected next year when lawmakers con-

sider just how permanent the permanent school fund should be.

Representative Louis Dugas of Orange has announced he will introduce a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert one per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million-dollar endowment. They

compare it to "eating the seed corn."

Report on Rainy Days.—Texas Employment Commission's report for the first half of this year shows that 185,000 Texans received jobless benefits.

Payments totaled \$38,164,378 for this period.

Average claimant was eligible for 19.8 weeks of assistance, but drew for only 12.7 weeks. "This proves that unemployment compensation serves as a rainy day tide-over between jobs," commented TEC Chairman Maurice Acers, "and not as a prolonged dole."

Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits.

ATTEND FAMILY REUNION. Mr. and Mrs. Bonnie Bingham, Mr. and Mrs. L. R. Faulkenberry and Mr. and Mrs. Fred Vaughn and children attended the Bingham and Brown family reunion at Lake Eaves near Comanche Saturday and Sunday.

VISIT FROM CALIFORNIA. Truett May from Salinas, California, and Mrs. C. C. Rister from Lubbock visited their mother, Mrs. M. P. May, the past week. They also visited in the home of their brother, Tate May.

Not everything that is cut to half price is worth buying.

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending July 12, 1958, were 22,975 compared with 26,650 for the same week a year ago, reflecting a decline. Cars received from connections totaled 8,467 compared with 9,228 for the same week in 1957.

Total cars moved were 31,442 compared with 35,881 for the same week a year ago. Santa Fe handled a total of 34,421 cars in the preceding week this year.

White Dealer Goes to Toy and Gift Show

B. O. Bell, White's authorized dealer in Hamlin, has just returned from the huge toy and gift merchandise show held annually at White Stores, Inc. home office and warehouse in Wichita Falls. Bell was one of 183 White's authorized dealers who attended the vast event, which displayed over 5,000 items of toy and gift merchandise, plus a good percentage of the many items offered year around by White's. These items include housewares, sporting goods, small electrical appliances, television and hi-fi sets, major kitchen appliances, etc.

HELD ON NARCOTICS CHARGE—Mrs. Queen Roberson, a 78-year-old Amarillo motel operator, is led into police headquarters here by Detective Lieutenant E. E. Storey after her arraignment on charges of narcotics possession—perhaps as much as \$100,000 worth in retail "street" value. Mrs. Roberson was held under \$2,000 bond.

Donald H. Moyers, Oil Pumper, Dies At Hamlin Monday

Donald Hubert Moyers, 64-year-old pumper for General Crude Oil Company's plant west of Hamlin, died Monday morning at the Hamlin Memorial Hospital after a lengthy illness. He had been ill about a year, and had been in the hospital about two months.

Moyers was a native of Tennessee, having been born December 1, 1893, to Mr. and Mrs. Samuel Moyers. He married the former Ruby May Rasbury at Kaufman on December 10, 1916. He had been employed at the General Crude station eight years.

The body lay in state at the Hamlin Funeral Home Monday until 10:00 p. m., when it was taken to Longview.

Funeral services were conducted Wednesday afternoon at 2:00 o'clock at Welch Funeral Home. Burial was in Grace Hill Cemetery at Longview.

Eight or 10 Hamlin people were scheduled Tuesday to attend the Wednesday rites at Longview.

Surviving Moyers are his wife, Mrs. Ruby May Moyers; one daughter, Mrs. Morris Scott of Azle; and one grandchild.

The Herald has carbon paper.

Several New Books Added to Library by Forum Unit Recently

Several new books have recently been purchased for the Hamlin Memorial Library by the Hamlin Woman's Forum, sponsoring organization, it is announced this week.

Among the new books added to the library are "Northern Light" by A. J. Cronin, "Ice Palace" by Elina Ferber, Fun Encyclopedia, a game book by Harbin, and "The Horse of Hurricane Hill," a juvenile.

Also two copies of the book, "The Tactful Texan," the life of former Governor Hobby, have been presented to the library by Mrs. Oveta Culp Hobby.

The library is open from 2:00 till 5:00 o'clock each afternoon except Friday, when it is closed. It is open from 9:00 till 11:00 o'clock on Saturday mornings.

The forum meeting voted to add new books to the library each month.

Next meeting of the forum will be July 29 at 3:00 o'clock in the afternoon.

Nominal Damage Being Done by Insects Over State

Continued nominal damage is being done to cotton in the Northwest Texas area, of which the Hamlin territory is a part, and infestations over the state as a whole are prolific, according to the weekly cotton insect condition report prepared by the Texas Agricultural Extension Service in cooperation with the plant pest control branch of the U. S. Department of Agriculture.

Highlights from the general report, with special details of the Northwest Texas area condition, follow:

Thrips infestations were reported light in all areas except the North Plains area. Fleahoppers were reported ranging from light to heavy in all areas of the state. Cotton bollworms were observed ranging from light to medium in the state, except in the Lower Valley area, where heavy infestations were reported. Boll weevils were reported to have increased their activity in most areas especially in Northeast, East, South Central, Upper Coastal, Coastal Bend and Southwest areas.

Grasshoppers were reported to be doing severe damage in the Northwest area and causing some damage on field margins in Upper Coastal, Central and North Central areas. Heavy infestations of aphids were reported from the Northwest area. Pink bollworms were noted to be generally light except in the Upper Coastal area where heavy infestations were reported. Other insect pests reported doing some damage were false chinch bugs, lygus bugs, leafworms, spider mites, cabbage loopers, square bovers and garden webworms.

In the Northwest Texas area light infestations of thrips were reported in Motley and Hall Counties, while medium infestations were reported in Runnels, Cottle and King Counties. Fleahoppers were reported light in Motley County, medium in Hall and Runnels Counties, and medium to heavy in Cottle and King Counties. Heavy infestations of aphids and false chinch bugs were reported in Motley County. Light to medium infestations of grasshoppers were reported in Cottle and King Counties, while Runnels and Hall Counties reported severe infestations.

Rubber bands at The Herald.

"Wine of Morning" Bible Film Set at Nazarene Church

"Wine of Morning" acclaimed as "the most spectacular, the most dramatic evangelical film ever produced," will be shown in Hamlin at the Church of the Nazarene this (Thursday) evening at 7:30 o'clock, according to Bill Hanna, pastor.

This full length (two hour) brilliant color production is based on the novel, "Wine of Morning," written by Dr. Bob Jones Jr., who is president of Bob Jones University at Greenville, South Carolina, an interdenominational fundamental institution which draws nearly 3,000 students from every state and some 25 foreign countries. Unusual Films of Bob Jones University produced the motion picture.

Except for several countryside scenes, all of the shooting for "Wine of Morning" was done on the 200-acre university campus. All of the authentic settings were constructed and the elaborate colorful costumes were made by the staff and students. Dr. Joseph Schmoll, a member of the university's music faculty wrote all of the original music for the film. The score was played by the university's orchestra. Everyone connected with the film, either in acting or producing, is a professing Christian.

"Wine of Morning" is a fanciful dramatization of the life of Barabbas, the man whom Pilate released at the demand of the mob and on whose cross Jesus Christ was crucified. Ingeniously woven into the story are a number of the miracles of Jesus Christ, including the turning of the water into wine at the wedding in Cana of Galilee and the healing of the man whom his friends let down through the roof. Especially resourceful are the varied ways in which the presence of Christ is indicated, though His face is never actually seen on the screen.

Average Auto Driver Went 8,000 Miles in '57

If you drove 8,000 miles in 1957 you're about average, according to the National Safety Council.

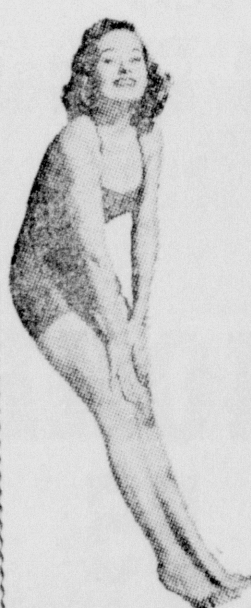

The council, in its recently published statistical yearbook, "Accident Facts," reported that the nation's 80,000,000 licensed motorists drove a total of 650,000,000 miles—an average of little more than 8,000 miles per person.

Auto accidents, said the council, injured 1,400,000 drivers and pedestrians in 1957, and took the lives of 38,500 persons.

City Ordinance Regulating Handling and Transportation of Liquefied Gas

An ordinance amending the ordinance passed and approved by the City Commission of the City of Hamlin, Texas, on the 18th day of June, 1940, as amended December 21, 1954, and July 17, 1956, regulating the use, handling, transportation and storage of any form of manufactured or liquefied petroleum gases; fixing inspection fees; and providing a penalty for violations.

Be it ordained by the City Council of the City of Hamlin, Texas:

Section 1. That all persons, firms or corporations who may from and after the effective date of this ordinance install or equip any residence, business house or apartment house, or any other building located and situated within the corporate limits of the City of Hamlin with any installation, or equipment designated to use as a fuel any form of manufactured or liquefied petroleum gases, shall use in any such installation, whether domestic or business or industrial use, only a standard grade of pipe or piping, and all appliances used in connection with any such installation shall be a standard grade and type of equipment. Any system which uses any form of manufactured or liquefied petroleum gases, must bear the label of approval or listing of the Underwriter's Laboratories.

Section 2. Gasoline service station owners or operators may apply for and be granted a permit by the governing body of the City to install liquefied petroleum gas containers and equipment for the purpose of servicing motor vehicles which are equipped to use such gas as a fuel to propel such vehicles under the following conditions:

(a) Prior to the beginning of installation of such containers and equipment a permit shall be applied for and granted by the governing body of the City.

(b) The storage tank and equipment and the installation thereof must meet the requirements of the other sections of this ordinance, as well as the requirements contained in Division IX and other applicable provisions of the Liquefied Petroleum Gas Docket No. 1 of the Railroad Commission of Texas, published under date of June 1, 1954, as may be amended from time to time. All storage tanks shall be a minimum distance from exposed buildings or lot line of adjoining property.

Up to 500 gallons water capacity storage 10 feet above ground or 10 feet underground.

Five hundred one to 2,000 gallons water capacity storage, 15 feet above ground or 12 feet underground.

No one station is allowed over 2,000 gallons water capacity storage, either underground or above ground or the two combined.

(c) No such installation shall be placed into operation until it has

been inspected and approved by the Liquefied Petroleum Gas Division of the Railroad Commission of Texas.

Section 3. The term "standard grade" as used herein shall mean that grade of article which is accepted by dealers in such equipment and recognized as complying with all fire law regulations.

Section 4. Any such equipment as provided for shall be installed or repaired in a workmanlike manner which shall comply with all applicable state laws and regulations of the Railroad Commission of Texas, the regulations of the National Board of Fire Underwriters and the regulations recommended by the National Fire Protection Association.

Section 5. When any such equipment is installed as herein provided, same shall not be placed in operation or used unless and until said installation has been approved as complying with this ordinance by the City Inspector.

Section 6. Any person, firm or corporation installing any such equipment as herein provided shall secure the approval of same as complying with the requirements of this ordinance by the City Inspector as herein provided for, and shall upon requesting such inspection for approval, pay an inspection fee of \$1.00 for each piece of equipment or outlet to cover cost of inspection.

Section 7. All tank trucks and tank trailers used for the transportation of liquefied petroleum gases within the City shall be so constructed and operated to comply with the regulations for the design, construction and operation of automobile tank trucks and tank trailers for the transportation of liquefied petroleum gases as approved by the National Board of Fire Underwriters and the National Fire Protection Association. Any person, firm or corporation who shall operate or cause to be operated any tank truck or tank trailer used for the purpose of transporting liquefied petroleum gas within the corporate limits of the City shall keep any such equipment in good condition at all times, and upon the development of any defect that would create a hazard to persons or property, said tank truck or tank trailer shall be removed from the streets of the City until such defects have been repaired or faulty equipment replaced; and any such tank trucks and tank trailers shall be subject to inspection by the proper authorities at any time.

Section 8. All liquefied petroleum gas sold within the City shall be treated with a deodorant to such quantities as required by state law to create an odor easily detected in case of leaks in piping or equipment.

Section 9. Transferring of liquefied petroleum gases from one

tank truck, tank trailer or a y container to another tank truck, tank trailer or container on any street or alley of the City is prohibited.

Section 10. The parking of any tank truck or tank trailer on any street or alley within the corporate limits of the City of Hamlin for a period time in excess of two (2) hours is prohibited. Any tank truck, tank trailer or dispenser of liquefied petroleum gases shall not be parked or stored upon any street or alley within the fire zone at any time.

Section 11. Any installation, transportation, distribution or handling of liquefied petroleum gas not specifically regulated in this ordinance must comply with the requirements of the Liquefied Petroleum Gas Docket No. 1 of the Railroad Commission of Texas and the regulations of the Fire Insurance Division of Texas.

Section 12. Any person, firm or corporation creating a hazard to persons, or adjoining property by the installation, handling or storing of liquefied petroleum gas shall be required to remove this hazard immediately.

Section 13. Any person, firm or corporation violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction for violation thereof, shall have their City permit revoked, and shall be fined in any sum not to exceed One Hundred Dollars (\$100.00) and each day of use or operation of any such equipment shall constitute a separate offense.

Section 14. In the event any section or part of section or provision of this ordinance shall be held invalid, such invalidity shall not affect the valid portions hereof which shall be enforceable regardless of such holding.

Section 15. The fact that there does not now exist sufficient rule or ordinance regulating and controlling the installation, transportation, dispensing or use of liquefied petroleum gases within the corporate limits of the City of Hamlin, Texas, which said gases are highly volatile and inflammable and if not properly controlled and regulated constitute a dangerous and hazardous condition affecting life and property, creates an emergency and imperative necessity for the immediate rescinding of our present ordinances and amendments as recorded in Minutes Book 3, pages 229 and 406 as amended, Minutes Book 4, pages 208 and 278, as insufficient and antiquated for the control of liquefied petroleum gas. This necessitates the suspension of the rule requiring ordinances to be read or three separate days before the final passage thereof, wherefore such rules are hereby suspended and this ordinance shall be effective from and after its final passage, and it is so ordained.

Passed and approved this 18th day of March, A. D. 1958. Approved: A. Spencer, Mayor Pro tem. Attest: H. M. Barrow, City Secretary.

CLOSED Election Day Saturday, July 26th

Although we all seldom agree on who should be elected to a certain public office, we are agreed on the principles of democracy in being able to vote for people of our individual choice. Free elections are a definite part of our inalienable rights which are enjoyed by a small percentage of peoples of the world today.

We urge you to exercise your right to vote in Saturday's primary election to select precinct, county, district and state officers. Polls will be open from 8:00 a. m. till 7:00 p. m.

In observance of Election Day, this bank will be closed all day Saturday, July 26. Patrons of the bank will please arrange their transactions with the bank accordingly.

Hanna Resigns as Pastor of Hamlin Nazarene Church

Rev. W. S. (Bill) Hanna, who has been pastor of the Hamlin Church of the Nazarene for nearly two years, Sunday resigned the pastorate, effective August 31. The resignation was reluctantly accepted by the congregation Sunday evening at the regular church service.

Hanna has received a call to the pastorate of the North Side Church of the Nazarene in Fort Worth several days ago. He declared to a Herald reporter that making the decision to leave the Hamlin church was a difficult one. However, the opportunities in the new field were challenging and offered a broader field of work, hence his acceptance of the Fort Worth place.

Hanna has been active not only in his own church but in district and state affairs of the Church of the Nazarene. He also was active in the Hamlin Ministerial Alliance, being president of that group at this time.

Hanna will continue to fill the pulpit at the local church through the month of August, he said.

Official board of the local church is due to meet with Dr. Orville Jenkins of Lubbock, district superintendent, Wednesday evening to discuss a successor to Hanna in the local church. They hope to announce a new pastor by the latter part of August, church leaders said Tuesday.

You can always get someone to like to hear.

YOUTHFUL FLYING ENTHUSIASTS — Rogers and Harley Hollan, 10-year-old twin sons of Mr. and Mrs. Roger Hollan, are shown with Bob Seiker of errville Flying Service getting ready to go up for their third flying lesson. The boys will have to be 16 before they can solo and get flying licenses—but they should be ready by then.

Farm Accidents for 1957 Injure 1,000,000

A million farm residents were injured in accidents in 1957.

More of the farm accidents occurred in the home than anywhere else, according to the National Safety Council.

The council, in its recently published statistical yearbook, "Accident Facts," lists 430,000 home injuries in 1957 to the 21,000,000 farm residents.

The motor vehicle, however, was the No. 1 death dealer to rural residents. It took 5,300 lives. By comparison, 2,900 persons died in home accidents.

Walter J. Major, Retired Farmer, Passes Saturday

Final rites for Walter Jasper Major, 83-year-old retired farmer of the Hamlin community, were conducted Sunday afternoon at 3:00 o'clock at the First Baptist Church.

The octogenarian died early Saturday morning at the family residence on South Fourth street following a long illness.

Born April 1, 1875, in Hill County, he was the son of Mr. and Mrs. B. T. Major. He married the former Ethel Duke at New Hope, Jones County, on June 2, 1918. A former Stamford resident, he had been a farmer near Hamlin for many years, retiring from active duty several years ago.

Officiating at the funeral services was Rev. J. H. Skiles, Baptist minister of Snyder, and Austin Siburt, minister of the Hamlin Church of Christ.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home.

Survivors include his wife; two sons, Haldor Earl Major of Hamlin and H. E. Major of Cactus; one daughter, Mrs. W. C. (Quanita) Hardage of Hot Springs, Arkansas; one brother, R. F. Major of Itasca; three sisters, Mrs. H. L. Davis of Houston, Mrs. Julia Callahan of Temple and Mrs. J. S. Redwine of Seymour; and two grandchildren.

Religion and tolerance go hand in hand, but some of us evidently miss the connection.

Baptist Boys of Area Attend RA Camp at Lueders

Rev. Rudolph Russell, missionary to Thailand, will be camp missionary for the Junior Royal Ambassador camp at Lueders Baptist Encampment grounds July 31 through 31. Around 550 boys are expected in camp next week, and many will be from the Hamlin area. Registration of Intermediate RAs reached 105 this week.

Rev. Grady Allison, pastor of the First Baptist Church at Munday and district RA leader, will be in charge of the camp. Rev. Byron Bryant, pastor of the First Baptist Church at Breckenridge and president of the encampment, will be camp pastor.

Boys from nine through 12 years of age will be in camp from all over the district. The program will include mission and study classes, worship services, missionary services, sports and crafts, Rev. Allison said. Sports will include swimming, baseball, track, horse-shoes, table tennis, volleyball and other sports. Jerry Henson of Abilene will be sports director. The buddy system will be used in organization of the camp by chapters.

Herb Harker of Rochester will be music director, and Edwin Peoples of Abilene pianist. Mission book teachers will be Milton Thompson of Hawley, Jake Armstrong of Tye, Edwin Peoples of Abilene, B. L. Davis of Cisco, A. H. Williams of Trent, Marvin Burgess of Gillespie and Bill Beatty of Anson. Ranking class instructors will be Gene Brock of McCauley, Ed Thomas of Rochester, Rev. Calvin Bailey of Hamlin and Fred Blake of Roby.

Misunderstanding on Death of Colt Causes Stir in Two Towns

Some excitement was created last week-end in Rotan and Hamlin when a report was circulated that a boy had been dragged to death on the armor farm, in northeast Fisher County, west of Hamlin.

A misunderstanding indicating that a horse had dragged a boy to death brought Justice of the Peace Hollis Head of Rotan as well as Deputy Sheriff Bill Ashley of Fisher County to the armor farm. Head expected to render an inquest verdict.

But the two officers were relieved to find they were to investigate the death of a colt instead. Johnny Woods of Hamlin had placed the call, thinking the colt had been dragged to its death.

Ashley found, however, that the colt had been shot with a .22 rifle and had run until it died. Who shot the colt was not known.

AID FOR CONSERVATION.

Over one and one-half million dollars is being paid to land owners in the Plains area of Texas through the Great Plains conservation program, according to Lynn Pittard, extension assistant soil and water conservation specialist. This is a voluntary program which applies to 98 counties in the Plains area and provides cost-share assistance for any approved soil or water conservation practice.

Crops of County Generally Good, Says County Agent

Despite the fact that much of the maize crop in the Hamlin section is being damaged considerably by lack of moisture and hot, dry winds in recent days, bumper crops of maize and cotton in the county now promise to be the best since 1949, according to County Agent Kirby Clayton.

Much of the county has received rains ranging up to five inches during the past three weeks, putting the crops in fine condition. Hamlin has registered about half an inch, which is the lightest rainfall in the entire county, according to reports coming to The Herald.

In another two weeks maize harvesting should begin. At the worst, a large crop should be combined, Clayton believes. Some of the maize grown densely is expected to suffer without additional rains.

Generally, cotton prospects are bright. Lack of rain has not hurt the cotton as much as it has the feed.

Actual cotton acreage this year is placed at 93,224 acres. An additional 19,971 acres was placed in the soil bank. Cotton is growing off rapidly with sturdy stalks. However, continued hot and dry winds are hurting cotton.

SOMETHING TO LIVE FOR.

The husband was very despondent.

"You know, Henrietta," he said to his wife, "I sometimes think there's nothing left to live for."

"What on earth are you talking about?" demanded his spouse. "There's plenty for you to live for. The house isn't paid for yet, the car isn't paid for, the TV isn't paid for..."

Another Gain Shown In Scholastics in Area

Second gain of about 20 students in the scholastic census for Hamlin Independent School District has just been reported by Superintendent of Schools C. F. Cook from tabulations just completed.

Total scholastics in the district were 1,162, Cook says, 161 of which are colored. This is an increase of 20 over last year's count, and 40 more than the 1956 tabulation.

Imagine Being Happy During CHANGE-OF-LIFE!

Thousands of women now are "swelling through" these trying years—without awful suffering from "hot flashes"! Countless women have found you no longer have to feel sticky, "old" before your time. Today, many can enjoy change-of-life—without terrible suffering! Pinkham's Tablets have been developed especially to relieve those functionally-caused "female troubles". Their unique formula includes blood building iron! With Pinkham's Tablets, you can escape much of the "hot flashes", irritability. You're ready to start living again!

NO PAINFUL SHOTS! 8 out of 10 tested by doctors got thrilling relief—without costly shots! Why not you? Get Lydia E. Pinkham's Tablets at drug stores. See if you don't find new happiness during change-of-life!

IF YOU PREFER A LIQUID, druggists also have Lydia E. Pinkham's Vegetable Compound.

THIS IS YOUR HOME TOWN—SUPPORT ITS MERCHANTS!

W. O. MCGINNIS

W. O. MCGINNIS CANDIDATE FOR District Clerk

(Pol. Adv. paid for by W. O. McGinnis)

To those of you whom I have seen, I would like to take this opportunity to thank you for the courtesies shown me. To those I have not seen, I take this means of soliciting your vote on Saturday, July 26.

I would like again to give you some of my background:

I was born and reared in Jones County, and am 45 years of age. I married the former Louise Sosebee, and we have two girls, ages ten and six.

I spent a little over three years in the armed forces during World War II, 19 months overseas. Was in the Army Postal Service, being in charge of the filling section.

Upon returning from the service, I was associated in the lumber business in Anson as manager and bookkeeper for a period of 10 years. For the past two years I have traveled as a representative of a wholesale lumber firm.

I feel that I am qualified for the office of District Clerk of Jones County, and if elected will devote my entire time to the duties of this office.

Vote for Carriker for Representative

FISHER, NOLAN AND MITCHELL COUNTIES

(Pol. Adv. paid for by Max Carriker)

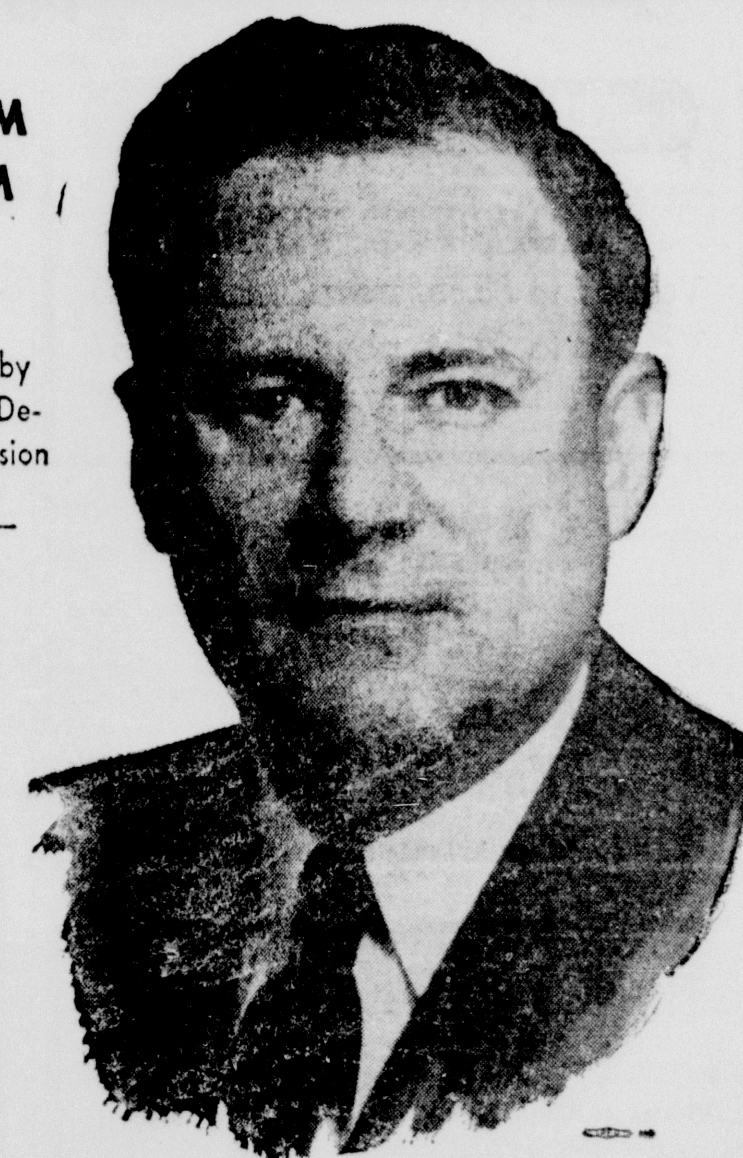

PRICE DANIEL

OF LIBERTY COUNTY

Ronnie Bagley Wins First Prize Money on Sears Swine Entries

Ronnie Bagley, Jones County 4-H Club boy, won first prize money in the heavy litter contest in the Sears swine foundation program of the Abilene area, according to announcement made this week by County Agent Kirby Clayton. Counties in this district are Taylor, Haskell and Jones.

Ronnie's sow produced 11 pigs weighing 442 pounds at 56 days of age to win a first place prize of \$20 in cash from the Sears-Roebuck Foundation.

Will Agee, another Jones County 4-H Club boy, won seventh place in the Abilene store area and received a prize of \$5 cash. Will raised seven pigs weighing 367 pounds at 56 days of age.

Elect Judge Sarah T. **HUGHES**
To Supreme Court

TO THE VOTERS OF JONES COUNTY . . .

I wish to take this opportunity to thank each one for the courtesies shown me during this race.

If you see fit to elect me your District Clerk, I will devote my time to the job and will serve you to the best of my ability.

I have tried to see each of you personally, yet have missed some. Please take this as a solicitation for your vote.

Arden Beasley
CLERK OF DISTRICT COURT

Record Number of Grain Cars Loaded By Santa Fe Lines

Figures just compiled by the Santa Fe Railway's operating department indicate that on June 30 and July 1 this year the Santa Fe loaded a record number of grain cars on its system. The Hamlin area contributed to this all-time high loading.

On June 30, 2,933 cars were loaded on the Santa Fe, over half of which were on the Western Lines in Texas, Kansas, Oklahoma, Colorado and New Mexico. This is an all-time high.

The other two record dates occurred July 8, 1931, when 2,723 cars were loaded, and July 13, 1929, when 2,124 cars originated on the Santa Fe.

The 1958 record days indicate a good supply of cars for grain movement this year, according to Santa Fe officials who said the only grain put on the ground dur-

A Cappella Singers From SWC to Appear At Churches of Christ

The A Cappella Singers from Southwestern Christian College at Terrell will appear at the Hamlin Church of Christ, located at Southwest Avenue A and West Lake Drive, at 7:00 o'clock this (Thursday) evening. It is announced by Austin Siburt, minister of the church. A second appearance will be made at the colored Church of Christ at 8:00 o'clock.

The public is invited to attend the presentations. No admission will be charged and no collection will be taken, Siburt declares.

These singers will present both hymns and spirituals. During the past three years they have traveled quite extensively, covering most of the United States and part of Canada, presenting their program to enthusiastic audiences.

Southwestern Christian College is the only college in the United States that is supported by individual members of the Church of Christ and dedicated to the training of Negro youth in Christian education.

State Fair to Feature Progress in Farming

Astounding transformation of the Texas farm during one brief generation from a sleepy almanac existence into a dynamic mechanized activity will be the dramatic theme of the State Fair of Texas' 1958 agriculture show in Dallas, October 4 to 19.

"Title of the 1958 farm show will be 'Agricade—A Generation of Farm Progress,'" Ray W. Wilson, state fair's agriculture manager, announced this week.

"The 1958 Agricade will portray the vast changes that have swept through Texas agriculture during the last 33 years, specifically since the industrial awakening after World War I."

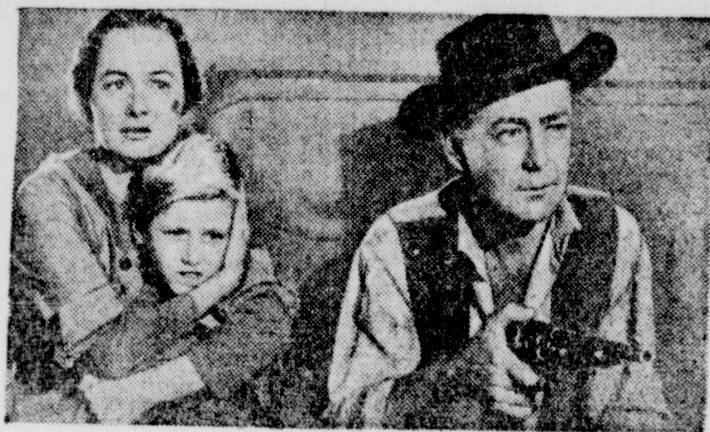

Don't wait for great opportunities. Seize common, every-day ones and make them great.

ing the recent and present harvest was there because of lack of people to handle it or some other factor rather than shortage of freight cars.

David Ladd Follows Famous Father in Movies with Role in "Proud Rebel"

David Ladd, following in the footsteps of his famed father, Alan Ladd, is making his acting debut in Samuel Goldwyn Jr.'s exciting western, "Proud Rebel."

The film marks David's first real

role in a motion picture, and his performance may earn him an Academy Award nomination. The blonde, 11-year-old had previously done a small bit in one of his father's films, but Alan felt that the youngster was ready for a major role and allowed him to try for the part of his son in "Proud Rebel." Thus, real life father and son play father and son in this film of action and suspense.

David plays the part of a deaf mute who loses his voice when his mother is killed in the battle of Atlanta during the Civil War. The proud father makes the decision to sell the boy's valuable sheep dog in order to pay for an operation to restore his speech. The operation fails and, when the boy begins to hate his father for selling the dog, the father becomes involved in a fierce gun battle in an effort to win back the love of his son.

The touching drama plays at both the Ferguson and Drive-In Theatres Wednesday, Thursday and Friday nights.

Sue Carol Ladd, David's mother, who successfully managed Alan to stardom and married him, has this to say about her talented son: "David's our little ham. He's always putting on shows and demanding we watch. Alan helped him learn his part in 'Proud Rebel' and he was indeed a patient and wonderful teacher. But David

does have talent. I've got to admit that I am very proud of my son and my husband."

"Proud Rebel" is directed by the colorful award winning Michael Curtiz. Filmed in technicolor, the

film also stars the beautiful Olivia de Havilland and the dramatic Jean Jagger.

Price of \$5.36 Paid for Milk in Area in June

Uniform base price of \$5.36 per 100 was paid for milk produced in the Central West Texas area for June, according to Byford W. Bain, market administrator. A number of producers are in the territory south of Hamlin.

During June, 1958, there were 551 producers on the Order 82 market compared to 563 during May and 625 during June, 1957. Although there were 84 fewer producers on the market during June, this year than during June, 1957, producer receipts were 6.88 per cent greater. Average daily delivery during June this year was 770 pounds compared to 799 pounds during May and 625 pounds during June, 1957.
